DISPERSAL OF EGG

This July can be important for your son or daughter.

A month at Bishop's College School Summer Programme could help them with:

- English as a second language
- French
- Reading and study skills

Concentrating attention on the individual needs of each student, experienced teachers will provide the opportunity for enrichment in English, French, and English as a second language. Remedial instruction in these subjects will also be offered.

Extensive recreational activities help to develop close personal relationship between student and teacher during the four weeks at Bishop's.

Individual programmes are designed to meet the needs of boys and girls, aged 11 to 16. Detailed reports are prepared following the close of summer school which lasts from June 29th — July 25th.

For additional information please write to: Director of Admissions, Summer Programme, Bishop's College School, Lennoxville, Que. J1M 1Z6 or telephone (819) 562-7683

If you get the feeling good things are happening in Ontario

wait 'til you see what the new lottery does for us.

It's like a kind of awakening. More and more of us are getting into things. Kids' baseball tournaments. The Hamilton Philharmonic. Jogging clubs, folk dancing, art classes, Bonspiels. It's happening all over the Province and it's only the beginning. Now, we've got a new "Ministry" to help. The Ministry of Culture and Recreation. Its job is simply to help each of us get more out of life. At first it will coordinate things already under way. Like the Ontario Summer Games, the Science Centre, the Ontario Heritage Foundation. But then it will start helping new programs. And there are literally hundreds of opportunities. Travelling theatre groups. New hockey rinks. Support for women in the arts. New libraries, in places where they don't even exist. Because part of the idea is to give all of us an equal chance to participate, wherever we live. How can we do it all? Well, there's the funds from the new Ontario Lottery, starting just a few weeks from now. The Lottery is expected to provide many millions of dollars. And every dollar we then put into the various programs will be for just one reason. To help each of us get more out of life. So this is going to be one lottery where all of us win.

Read your Tax Guide. It will tell you what's new.

This year the Federal Government has included many new tax benefits that are important to you because they could save you money. Your federal income Tax Guide explains them thoroughly. Let's take the Interest Income Deduction as a sample. This year for the first time, if you received and reported on your income tax form interest income from many legitimate Canadian sources, including bank deposits, bonds, mortgages and notes, you are allowed to claim as a deduction the total of the amounts up to \$1,000. Your Tax Guide explains it in detail. Check Item 35. Increased Personal Exemptions is another item that has changed from last year. All it means is that the Federal Government has increased your personal exemptions to coincide with the rise in the Consumer Price Index. The new personal exemptions are printed on your income tax form. Guide Item 41 tells you more about it. Well, those are just some of the areas where it pays to follow your Tax Guide and, of course, there are others. The Federal Political Contribution Tax Credit is new as well. Guide Item 52H will tell you all about that one. This year, Family Allowance

Payments are income and have to be declared as such. Check Item 7. Remember to check some of the other items listed in the Tax Guide which may entitle you to claim deductions, such as Child Care Expenses. Guide Item 33 tells you all about that one. And you may be entitled to deduct your Moving Expenses if you moved during 1974 to earn income in a new location in Canada. Check Item 34B carefully for the details. And don't forget, if you have contributed to a Registered Retirement Savings Plan, be sure to include your receipt and deduct the allowable amount. Guide Item 29 explains it in detail. Use your Tax Guide and fill in your tax form carefully, step by step. You'll find it's not as difficult as you think. If you should have difficulties, however, District Taxation Office addresses and telephone numbers are listed on the back page of your Guide. Tax Guide 74. How long has it been since you've read a really good book?

We're making it easier to understand.
