Demonstrations of maple syrup production are taking place on weekends, weather permitting, until April 13 at Bruce's Mill Conservation Area.

On Don Mills Rd.

Dog kennel approved

PRESTON LAKE — A dog kennel has been approved on the site which is presently the Chairman Mills property, opposite Preston Lake on Don Mills Rd.

The land was to be purchased by Kenneth Hitchcox of Thornhill on condition he received written guarantees he will be granted a kennel licence for boarding and breeding of his own show dogs upon construction of kennels, he be allowed to hold training classes in the existing building and that they can hold indoor or outdoor dog shows on the property.

To begin with he will build 20 kennels on the 20 odd acres parcel and would expand later if business warrants.

Planning Board gave the guarantees in spite of objections from Councillors Art Starr and Merlyn Baker.

Mr. Starr expressed concern about the already over-burdened traffic situation on Don Mills and he felt council would be setting a precedent by allowing it.

Mayor Gordon Ratcliff suggested proposed Highway 404 would take most of the load but Mr. Starr still remained sceptical, saying, "It just depends on which comes first, the end of the world or 404."

"We are rather in a bind because the by-law does permit this sort of thing," pointed out Councillor Cathy Joice. Mrs. Joice then went on to defend the proposal saying the main aim, of the kennel is to conduct dog obedience classes which she described as "very quiet" and she maintained there would only be about 20 shows a year which would generate about 100 cars.

Councillors Starr and Baker remained unconvinced and voted against the approval.

Board sets salaries

MARKHAM — York County Board of Education trustees are willing to accept the political responsibility of determining their own salaries.

At a regular meeting Monday night, the Board defeated a motion by Separate School Trustee John Stephens calling for the establishment of a committee of seven York County ratepayers whose job would be to review, consider and recommend trustee honorariums.

"It's our job. We have to live by it," said Aurora Trustee Norman Weller. "If the public doesn't like it, they can dump us."

Markham Trustee Don Cousens added, "We are elected to do a job, elected to make decisions. I'm sure we're capable of doing our own homework on our own salaries."

Unfamiliarity with the job of trustee and the fact that a ceiling for salaries has already been set by the provincial government were other arguments advanced in opposition to the motion.

A motion by Georgina Trustee William Laird to set salary changes before an election was withdrawn after Board Chairman Don Sim said such a move did not arise from the material presented.

Region approves industrial proposal

GORMLEY — Draft plan of subdivision for an industrial development on the west side of Don Mills Rd., north of Gormley, has been given regional approval.

The site, which occupies the east half of lot 4, conc. 3, will be divided into 16 industrial lots of which 14 will be in the neighbourhood of five acres and two lots will be over seven acres.

The property is being developed by Dorbank Investment Enterprises Ltd.

The property, now in agricultural use, will be serviced by wells and septic tanks. Before final approval is granted by the region an amendment to zoning by-law 72-7 must be approved by the municipal board. The by-law will restrict the use to those industries which do not use water in their manufacturing processes.

The Planning Committee report on the development includes the recommendation that "no further lands in this rural area should be designated for industrial use."

Tax increase seen

MARKHAM — A minimal tax increase of $25 on the average Markham home, is anticipated for 1975 by Town treasurer Alex Barton.

This figure is for municipal purposes only and could change drastically when budgets from the Region and Board of Education are received.

"I optomistically prophesy that, as far as our jurisdictional authority is concerned, the picture looks encouraging," stated the treasurer in a report to Finance Committee of Council, Thursday.

Statistics dealt mainly with receipts and expenditures in '74. The town finished the year with a balance surplus of $210,998. Mr. Barton referred to the amount as "amazingly close".

The treasurer drew members attention to several areas where costs have escalated. One of these was in legal assistance. In 1971 this figure was $10,900. In 1974, it was $48,695. Canine control expenses are also up. In 1971, it was $16,000. In 1974 it was $33,000.

Recreation expenditures (excluding arena operational costs) totalled $243,000 in '74. In 1971 it was $76,000.

Building permit revenue dropped from $186,000 in 1973 to $89,000 last year.

A reduction in a provincial government Special Assistance Grant is anticipated, Mr. Barton said, and this will cost Markham about $84,000.

With respect to costs at the regional level and for education, the treasurer stressed the fact that these expenses were not controlled by the municipality. "We'll have to cross those bridges when we come to them," he noted.

Local man injured

VIVIAN — A Cherry St. man was one of a number of people injured in an accident on 400 highway Saturday in which a West Hill man lost his life trying to aid police.

Daniel Glen, 47, was the driver of a car which was involved in one of two collisions on 400 just south of the Aurora Rd.

Donald Wretham of West Hill stopped to help police. He was crossing the highway when he was hit by a northbound car which also narrowly missed hitting OPP Constable Mike Norton.

Leonard Hill, 20, of Orillia has been charged with dangerous driving. Mr. Glen was taken to York County Hospital, Newmarket, with minor injuries.
