Dr. Smith honoured as friends applaud

STOUFFVILLE — Public recognition doesn't come easily, but Dr. Neil Smith seems to have earned it.

The popular Stouffville dentist, retiring this month, was invited to the last council meeting. He showed up, and, with him, enough of his friends and neighbours to pack the council chamber beyond capacity.

Mayor Gordon Ratcliff presented Dr. Smith with a plaque bearing the town coat-of-arms. The mayor recounted Dr. Smith's contributions to the town: as a dentist for the past 50 years, as a member of the near-legendary Stouffville hardball team of the 1930's, as a founding member of the local Lions Club. During the Second World War, said the mayor, Dr. Smith enlisted and ultimately served overseas in Britain, Italy, France, Holland and elsewhere.

Presenting the plaque, the mayor said,

"You will always be remembered for what you have done for this town, in so many different fields of endeavour."

These remarks were greeted with prolonged applause from those present.

Dr. Smith, thanking the mayor and the town, said that he had wondered about the invitation to attend a council meeting.

"I thought perhaps you were following the old principle of collecting the taxes before a man leaves town," he said.

While grateful for the recognition given him, Dr. Smith observed that many others deserved such recognition but never got it. His father, he observed, was also very active in town life from the time he established a practice here in 1892. With others, Dr. Smith senior was largely responsible for many aspects of park and recreation facilities now

enjoyed by town residents.

"So many did so much; I did so little," he concluded.

This brought further applause, and Dr. Smith left the council chamber in the midst of a crowd of his friends and well-wishers.

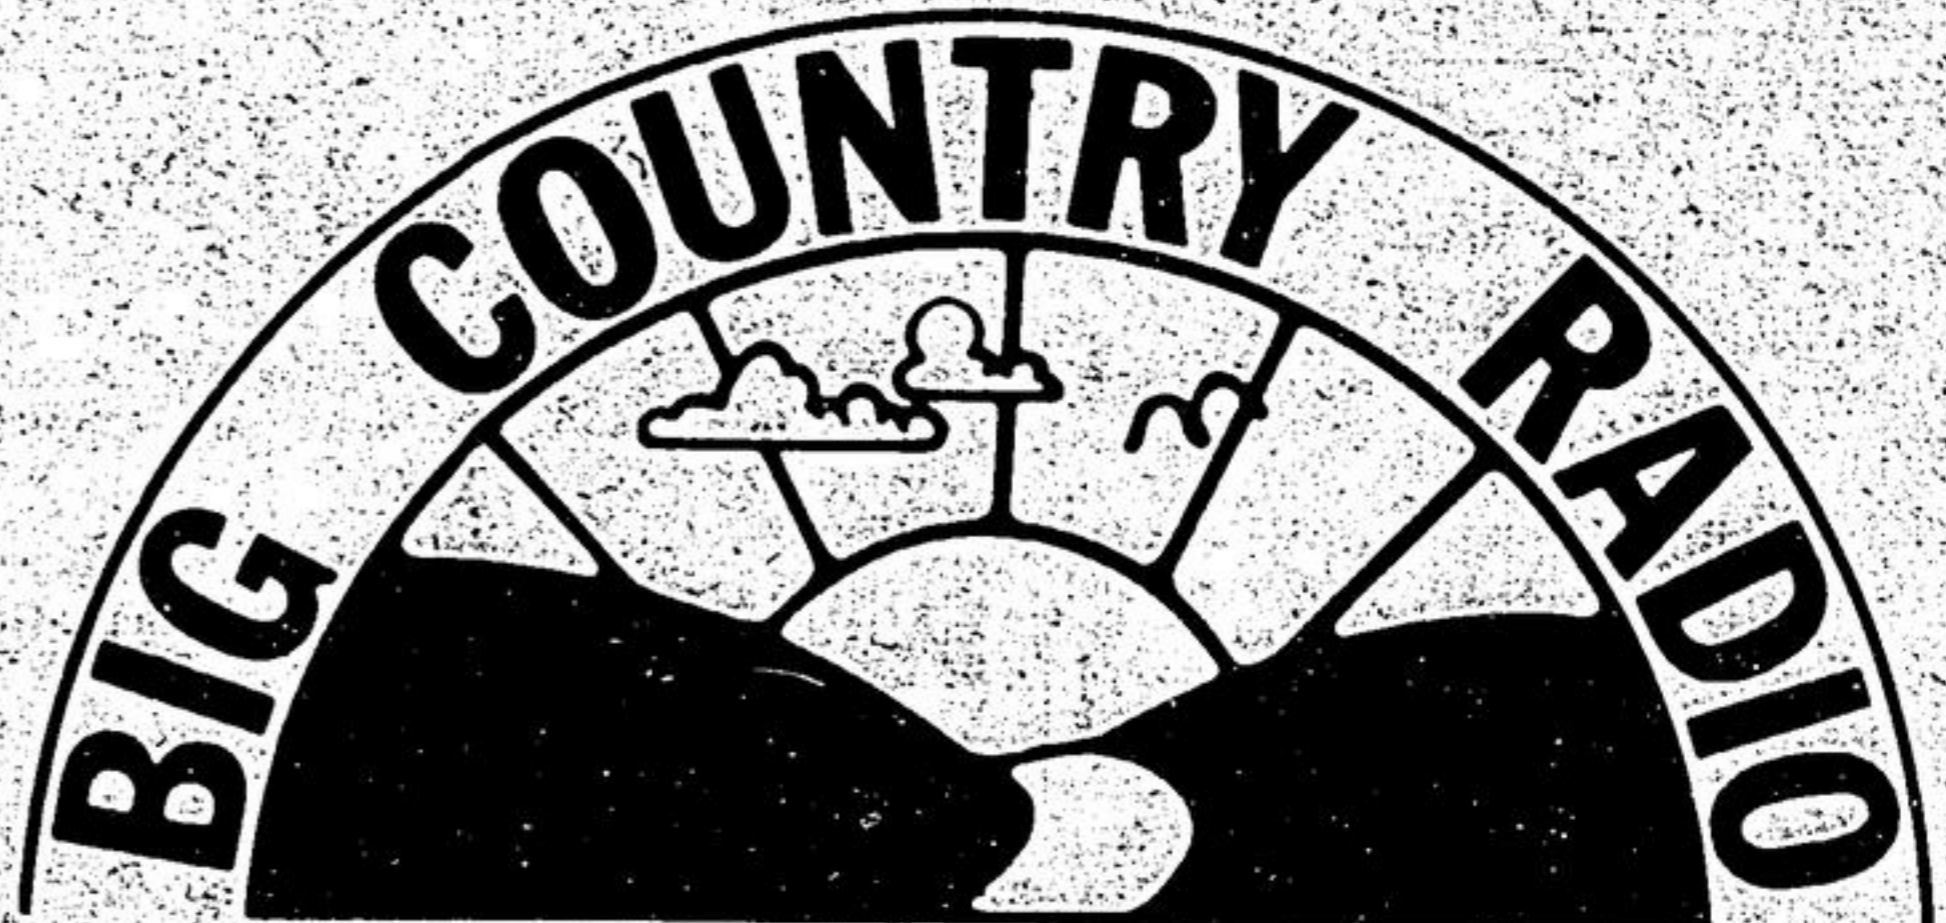

Break, enter

Thieves stole an estimated \$500 worth of material from Ballantrae Estates recently.

The building site, at Highway 48 and the Aurora Sideroad, was entered and a selection of items taken.

As his friends and neighbours crowded the council chambers, Dr. Neil Smith received the town coat-of-arms from mayor Gordon Ratcliff. The mayor outlined the career of the retiring dentist during his 50 years in practice, and thanked him "on behalf of the people of this community" for his contributions to civic welfare. Dr. Smith, in accepting the award, noted that many other people have done more for the town than he did without receiving such public recognition.
