It's a time for strong leadership

Competent, decisive leadership. The kind we have in the Progressive Conservative Government led by Premier Bill Davis. It's a government that has fought hard for the rights of consumers, wage-earners, senior citizens, young people. It froze gasoline and fuel prices. Reduced sales taxes. Brought in a guaranteed annual income system for older citizens. Introduced a tax on land speculation profits. Established a \$1500 bonus for first-time home buyers. Gave Ontario the finest health care program in Canada and an educational system second to none. Provided broad financial support to farmers. Moved strongly to protect the environment. It's a government committed to action on the cost of living, rent review boards, and a positive response to public concern about crime and violence. The Progressive Conservative Government. It has experience and strength that Ontario deserves in these challenging times.

For strong leadership, vote Progressive Conservative, September 18th
