Admiral 100% Solid State 26" Super-Solorcolor sets in elegant cabinets

Now you can choose the right styling for your decor at one low price. Illustration 'a' above brings you the bold Mediterranean credenza cabinet, highlighted by the antique style hardware. Illustration 'b' above brings you the warm Colonial styling. Notice the "Total-Look" of furniture brought to you by the continuation of the carvings to both end panels. The remarkable control panel is designed to enhance the elegant cabinetry and to make color tuning as simple as pushing the "COLOR MASTER" button. The M30 chassis circuitry is housed on satellite modules so if anything happens to go wrong it can simply be unplugged and a new one inserted right in your home. Lighted channel indicators, rotary preference controls and pushbutton on-off volume control, twin speakers, easy roll casters plus many more exciting features are found on both models. Low price includes the famous Admiral 5 year picture tube protection plan plus free service for a full year.
