This break-in was difficult

MARKHAM — Thieves went to a good deal of trouble to get into the warehouse of Yamaha Canada Ltd. on Denison Rd. First they entered the adjacent offices of Dymark by breaking a bar lock and using a lamp taken from the front office for illumination they punched a hole in a block wall next to Yamaha. According to police, the hole was three feet by three feet. Police discovered stock scattered about and they said many boxes had been opened. The amount of goods stolen will not be known until both companies have conducted inventories.
