This Vacation Safe Driving

Family trips are fun, so let everyone help plan the excursion. And remember, driving safety makes vacation time and summer weekends more enjoyable. Dad's the pilot, but it's only fair that some of his crew pitch in for a safe trip by checking to see safety belts are buckled and to watch for traffic problems and signs on the highways.

Safe Boating

- DON'T go out in a small boat unless you are a swimmer or are wearing a life preserver.
- DON'T overload any boat, large or small.
- DON'T use any boat that is not completely seaworthy.
- DON'T go out in a boat in stormy weather.
- DON'T stand up in a boat or canoe.
- DON'T change places in a small boat.
- DON'T leave the boat if it capsizes. Cling to it until rescued.
- DON'T attempt to swim to shore.
- DON'T shoot rapids.
- DON'T use home-made rafts or logs as boats.

Safe Swimming

- DON'T swim alone.
- DON'T swim at unsupervised swimming places.
- DON'T dive into unknown water. Rocks and branches may be hidden.
- DON'T swim after eating. Wait at least 2 hours.
- DON'T swim when overheated. Cool off gradually first.
- DON'T swim when overtired.
- DON'T swim too far from shore. Swim parallel to the shore.
- DON'T swim until you become exhausted, particularly if the water is cold.
- DON'T swim after dark unless thoroughly familiar with the swimming area, know it is safe, and are accompanied by a "buddy". Stay close to shore.
- DON'T panic if you should get into difficulties. You must think clearly if you are to do the right thing.
- DON'T "duck" or push bathers into water. Playfulness may cost a life.

Let's be sure we all have a SAFE Holiday
