

## Parade big event

By Debbie Shallhorn  
The Markham Fair will wind up its 1976 edition on Sunday October 3, and one of the major events scheduled for that day is the parade. The procession, to start at 1 p.m., will begin from 16th Avenue and proceed down Highway 48 to Highway 7.

To date, there are twenty floats entered and six bands. Most of these will come from the Markham, area, but there are also outside groups participating, such as a contingent of horses from the Milton-Oakville community.

Miss Markham Fair 1976 and her two attendants will be part of the parade, along with local politicians, Fair Board officials.

Bill Snowball, the parade organizer, said no prizes will be awarded this year as in the past. He cited the main reason as a lack of time. Most of the entrants were invited by Mr. Snowball, although he said a few groups did approach him first.

### Percherons on parade

The Fair parade is always one of the highlights of the Markham Fair. In this particular parade Don Tribling drives a team of Percherons in the annual event. Tribling is a part owner of Donamerr Farms.
