Built better to last longer

SPEED QUEEN

SPEED QUEEN MICROWAVE OVEN

... cook complete meals easily, deliciously in about 1/4 the time of conventional cooking. Perfect for today's busy lifestyle, a Speed Queen Microwave Oven will get you out of the kitchen faster and cooler, since microwaves heat the food not the air. Cook and serve in the same dishes and since food splatters don't burn, there are no messy pots and pans to clean.

Properly timed, food won't dry out, retaining moist delicious flavour, and most of their vitamins and minerals.

Microwave cooking can also save up to 75% of the energy of conventional cooking.

LARGE CAPACITY INTERIOR

Don't let the counter top compactness fool you. The 1.2 cu. ft. oven is large enough to handle a large turkey or roast.

ACRYLIC COATED INTERIOR

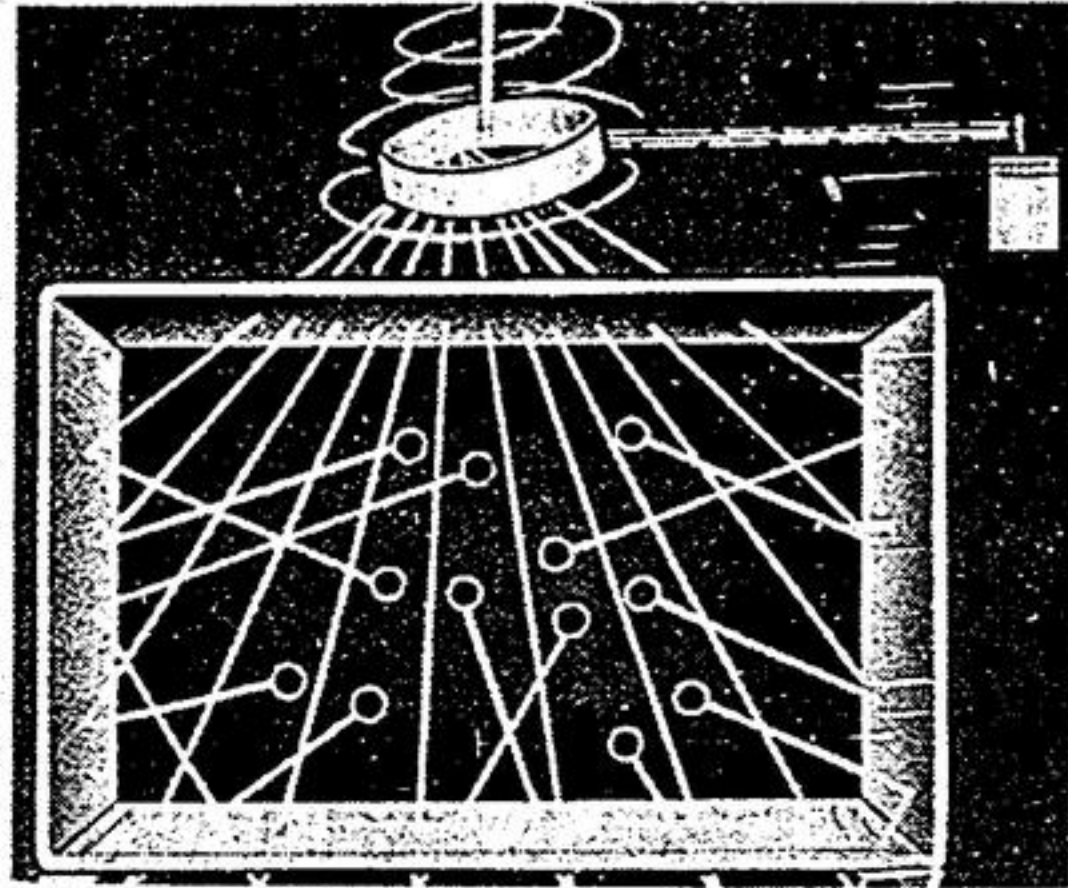

Interior stays cool and wipes clean with a damp cloth. Ceramic bottom removes for easy cleaning.

INTERIOR LIGHT

Lets you watch food cook to a delicious, nutritious doneness.

WARRANTY

The Speed Queen Microwave Oven carries a full two year warranty on all parts including the magnetron tube.

Speed Queen STIR-RING Beam Stirrer

Scientifically designed STIR-RING Beam Stirrer rotates slowly during the cooking cycle, thoroughly dispersing microwaves throughout the oven for more uniform cooking. This means less bothersome turning or stirring of food and eliminates hot spots.
