

Brand-new Block Parents!

A lot of red and white Block Parent signs will be springing up in windows around Stouffville this week. Seventy-seven individuals have signed up for the program, which will provide children in distress with a refuge in case of trouble while they are away from home. All the parents that volunteered for the program were approved, and more

are in the process of being evaluated, but there are still areas of Stouffville that are sparsely covered. Senior citizens, mothers with preschoolers and others that are home during the day are asked to participate. If interested please call Ursula Corner at 640-1965.

Country fair needs individuals' help

Dear Sir,
The Whitchurch-Stouffville Library Fund Raising Committee are promoting a Centennial Country Fair day to be held on Saturday, May 28,

1977, from 10:00 a.m. to 12:00 midnight. Latcham Hall, the park, and the arena have been reserved for this centennial event. The purpose for the Cen-

tenial Country Fair is to raise funds to provide some library facilities and landscaping for the new library building. The new library building is the official centennial project and is scheduled to open July 1, 1977.

We would sincerely appreciate your participation in this Centennial event in order to make Stouffville's 100th anniversary a big success.

I would appreciate the opportunity of speaking with you in order to answer any questions you may have. My telephone number is 640-2343.

Yours truly,
BOB LEWIS,
Chairman

Post office gives reader headaches

Dear Sir,
Attached please find my cheque in the amount of ten dollars to renew my subscription to The Tribune for another year. I am sending this money after some hesitation, not because I do not enjoy reading The Tribune, but rather because of (I presume) the neglect of the Post Office.

Occasionally I receive my copy of The Tribune on Friday but this is very rare.

Most of the time I receive The Tribune any day of the week following publication. Sometimes I receive two copies on the same day! (i.e. two separate issues)

We plan to involve as many people as possible in Whitchurch-Stouffville in order to create what we hope to be a pleasant and exciting day in the country for out-of-town visitors. We also plan to make it a profitable day for Whitchurch-Stouffville.

The activities include local entertainment, a street dance, refreshments, bake tables, rides, displays, and whatever ideas that turn up and add flavour to our Centennial Country Fair.

We would be pleased if you would help us in this venture by your participation in the day of activities and entertainment.

Sincerely,
JOHN D. CLUBINE

Godfrey replies to Housing Minister

Dear Sir,
The recent reply by the Honourable John Rhodes to my statements have attempted to gloss over the basic economics of the North Pickering Development.

The Government of Ontario spent \$200,000,000 in acquiring land for the North Pickering Development. It has spent many more hundreds of thousands of dollars in maintenance and "planning" for the new development. The carrying charges alone over a five year period, since acquisition began, should average \$20,000,000.00 per year. Maxwell Henderson, in his recommendations to the Government of Ontario, said the Government should get out of the landbanking business. He graphically pointed out the expense associated with such ventures.

The North Pickering Project is not needed. There is ample land for residential and industrial expansion in the southern part of the riding.

But most importantly there is urgent need for those millions of dollars which have been (and will be) spent before we see One New Dwelling!

C. M. Godfrey, M.P.P.
