Scott Evans and Jim Baggs won first place in the primary physical science division for their dynamic space exhibit, and will be competing in the area 2 finals in Nobleton. Above, Scott seems to be dreaming about space travel. The picture on the right proves that often what's going on under the tables is just as interesting as what's displayed on top. Taking it easy on the floor are, from left to right, Alan McClain, Craig Brunton, David McClain, and Kevin Urquhart. —Annegret Lamure
