The Management & Staff of *Deer Park Inn* wish the Town of Stouffville, and its residents a Very Happy Centennial!

We are proud to a member of this community and to have built our Inn on an Historic heavily wooded landmark called "Deer Park" which is well known to residents as a picnic area of days gone by. From this Historic site we have adopted our name *Deer Park Inn* and will continue to provide a community service as a meeting place for entertainment, superb dining, weddings, and social functions in a comfortable warm old fashioned setting. To complete your homecoming visit, we invite you to drop in to *Deer Park Inn*. Please look for further ads in this your local paper, announcing Centennial Celebrations to be held at *Deer Park Inn*.
