There was something special at the last Stouffville Horticultural Society meeting, as two women born in Japan demonstrated the art of Japanese flower arranging. The women, Mrs. Kadoguchi, right, and assistant Mrs. Okawara are now located in Toronto and travel the area

showing their work. They made up five arrangements in the traditional Japanese style, called Kibana. It was a simple and elegant style, with the positioning of the flowers having a different meaning in Japanese life.

Japanese flower arranging

STOUFFVILLE - Highlight of the Horticultural Society's September flower show and meeting was an authentic demonstration of Japanese flower arranging. Mrs. Kadoguchi and a helper, both dressed in traditional Japanese costume, gave a demonstration and talk at the Sept. 19 meeting. The talk was given while the arrangement was constructed. The arrangement was auctioned off afterwards. The show, judged by Barbara Dobbin, included 164 entries and the quality of bloom was good. Marion Housser accumulated the greatest number of points in the show. Alice Vague won first in the centennial class, "Memories". This entry was also judged best arrangement in the show. Three roses in different stages, entered by Audrey Avery, captured a special prize and the door prize went to Annie Neal.

We sincerely regret any inconvenience that may have been caused you.
