

Everyone's after the ball in last week's soccer cup final in Aurora. The game was for the Squirrels final, pitting Stouffville against Aurora. Stouffville won the game, 2-0.

The game was played on a wet, muddy field, but it certainly didn't put a damper on the player's enthusiasm. —Keith Bolender

Soccer teams capture cup finals

Stouffville's first year soccer league has shown that they are as good as anyone in B division play and that they will certainly be a power to be reckoned with next season.

The Stouffville teams proved themselves last week in Aurora, by taking two of the playoff cup championships to go along with their previous two league championships in B division play.

The games were played on a foggy, wet and muddy field, but the conditions did not prevent the teams from playing their best nor did it deter a large number of Stouffville fans from cheering their teams.

The first cup final win went to the Squirrels. It was the Stouffville Roadrunners, underdogs throughout the league and playoff games, that dominated their Aurora Chrysler Plymouth opponents and came away

with a 2-0 victory. Robbie Hall scored a well deserved goal to put the Roadrunners one up and Derek Hutchinson secured the title when he added the second goal.

Andrew Beckett gets credit for the shutout with his outstanding goalkeeping.

In the following game the Whitcomb Gunners and Newmarket Keith

Davis Sports squared off for the Atom cup. Both teams were evenly matched and came up with a very exciting game. However, it was Paul MacEwen's goal in

the second half that gave the Gunners the cup. Scott Agnew played superb in picking up the shutout.

The Newmarket Keith Davis goalie looks a little pained as the ball slips out of his grasp with a Stouffville player close by. The game was for the Atom cup championship, which Stouffville won 1-0.

SUPPOSING YOU WERE RUNNING A BUSINESS AND YOUR WORKERS CAME TO YOU AND DEMANDED...

- * a 30 hour work week — with pay for 40 hours.
 - * a fat wage increase that totally ignored anti-inflation standards.
 - * all employees to be immediately re-classified one level above their present highest level.
 - * no technological changes (meaning productivity improvement) unless agreed to by both parties.
 - * no employee surveillance or identification (this, despite the fact literally millions of dollars have been lost by theft).
 - * 4 weeks holidays for all employees with 5 years service or less—
 - 5 weeks for up to 10 years
 - 6 weeks for up to 15 years
 - 7 weeks after 16 years
 - * an increase in meal allowance to \$7.50
 - * all regular overtime to be paid as double time
 - * a 10 minute coffee break every hour
- All those wild demands despite the fact that your business lost 546 million dollars last year.
- That's what the Post Office Workers. The CUPW, are demanding. In fact, those are just some of the 250 demands in their new, one-year proposed agreement.

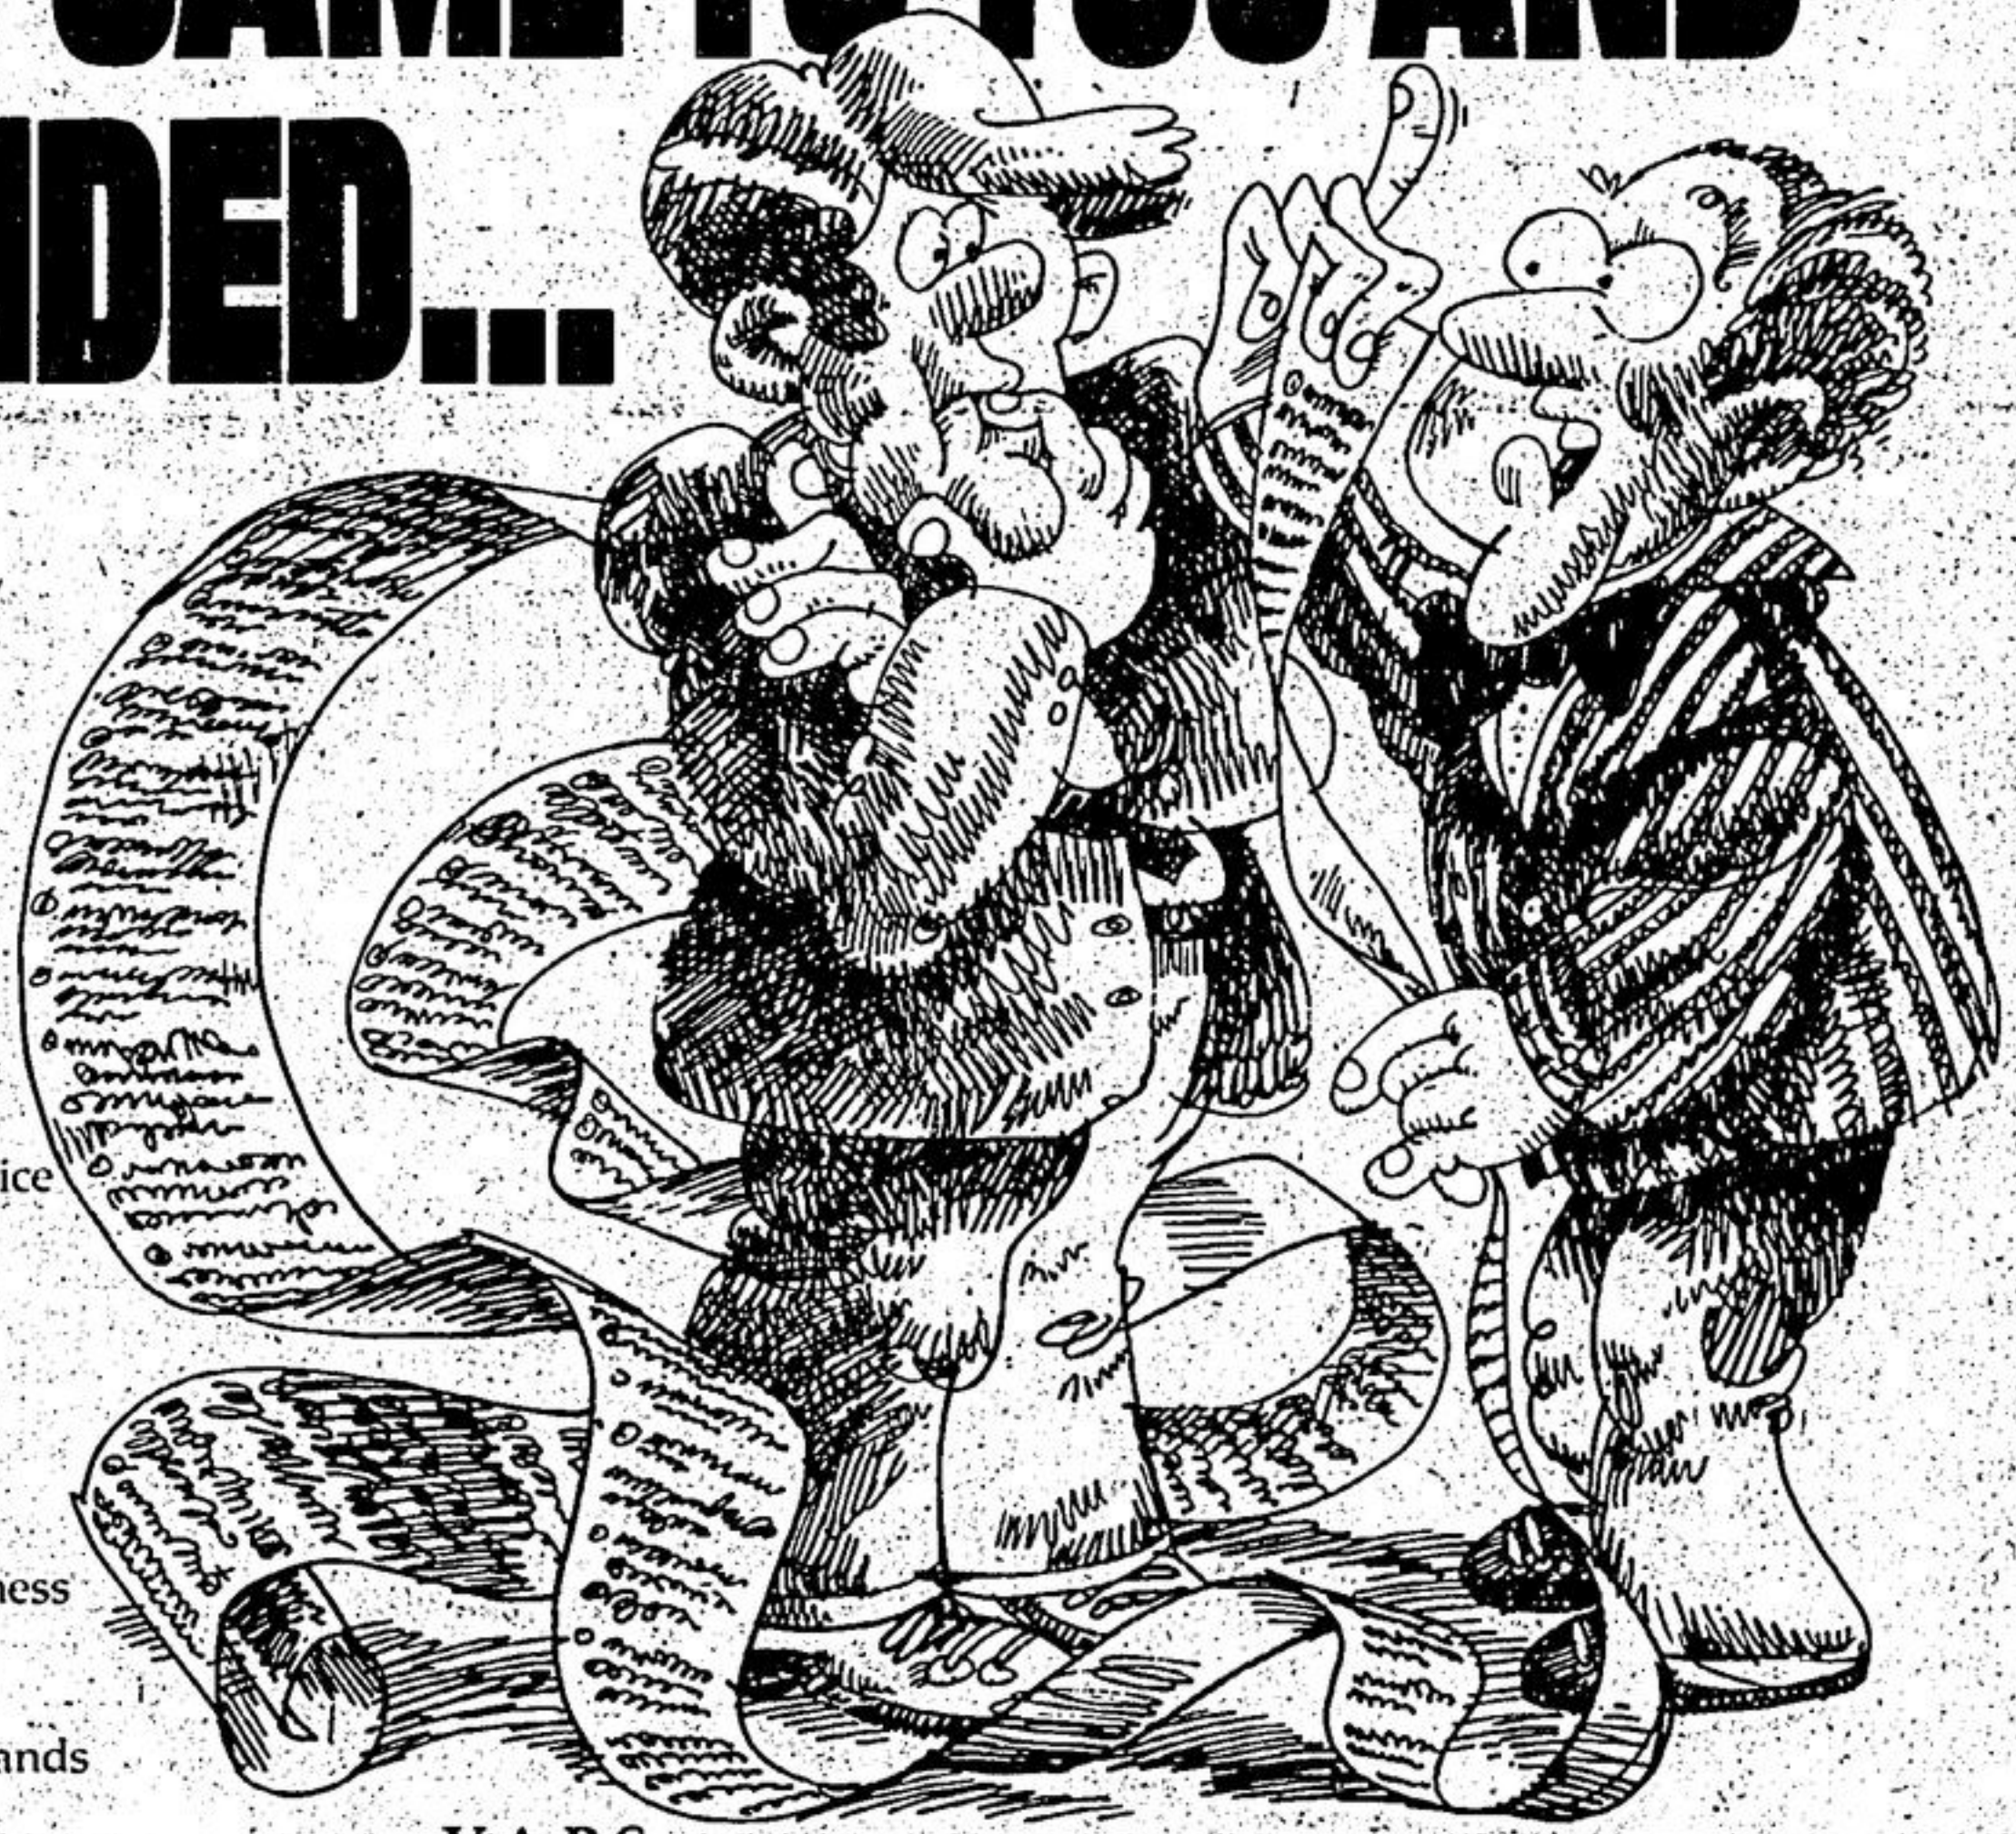

What would you do?

- a) try to calmly point out that their demands are completely unrealistic, impossible to fulfill
- b) resign
- c) refuse to give in to their demands. Tell them to go...
- d) initiate legislation to make strikes in the Post Office illegal. And make that law stick.

The CUPW is a good example of bad union leadership.

The basic principles of trade unionism are good principles. Working together with management they create more productivity, more mutual benefits, better working conditions for everybody, greater job protection. However, the CUPW, because of their outrageous demands and their hyper-militancy, are doing irreparable harm to the labour movement and to our country.

We are facing another possible postal strike. Here is a plan that will help to put the CUPW in their proper place.

V.A.P.S.

(Volunteer Alternative to the Postal Strike): Basically this is a very simple plan. Central mail depots to be organized in major cities and for smaller areas. Volunteers will organize, manage and sort the mail. Volunteers will drive mail to delivery points. Arrangements will be made for air shipments of mail across the country. All volunteers will be supplied with names of other volunteers in their areas.

If we all work together, this plan will work. One more thing: Why don't you write to your M.P. requesting the necessary legislation to make post office and other monopolistic unions strikes illegal?
