Wide-Track Bias-Ply Safety 99 Nylon

27⁹⁵ A78-13 Whitewall

Two or more after discount* **24⁶⁵** Each

A wide-track, performance bias-ply with most of the steering, braking and durability features of a belted tire. Lowering the cord angles to 30°—a technique used in racing tires—ensures added strength and durability in this DuPont 66 Nylon 4-ply tire.

The Whippet II with Twin-Ply of Nylon

16⁹⁵ Size 600-13

After Discount for cash* **16¹⁰** Each

Double plies of super strong DuPont 66 Nylon give the Whippet II unique performance characteristics. The 66 Nylon cord is 50% stronger than Nylon used in regular 4-ply tires. It allows a construction that runs cooler and softer at high speeds. Why consider retreads when factory-fresh Whippets are so economical?
