Re-cycling Depot Helpers need more help

STOUFFVILLE — Since it first opened in December, 1974, the volume of material handled by the Whitchurch - Stouffville Recycling Depot has steadily increased. Unfortunately, the number of regular volunteers has not increased proportionately, nor has the number of persons prepared to serve on the committee. This leaves the decision-making up to a very small group, the same persons who've been supporting the facility for the last four years. From the number who use the depot, the committee's confident of its need. But assistance is required. If this help is not forthcoming, it's feared the service may

have to be closed down. Local residents willing to lend a hand are urged to contact any one of the following: Bryan Nicholas (640-5953); Jean Belisle (640-4870); Joyce Nailer (640-4479) or Bernie Fritzsche (888-1711).

Dennis Moore has been elected Chairman for Canada and the United States of The British Association Teachers of Dancing. Mr. Moore was also the 1978 Dance Adjudicator for the Peel Festival and the Saskatchewan Music Festival held in Moose Jaw.

The few extra moments that may be spent in travelling time to learn from a fully qualified teacher are well worth the effort.
