

"Our Churches" "New Year" in the fall

By REV. TED CREEN
St. James Presbyterian Church

It has often occurred to me that a proper date for observing "New Year's" would be the first of September rather than the first of January. For the beginning of the fall season for many marks the new beginning, a new year. Children are back to school, much to the delight of parents who have had to answer the questions of "what are we going to do today" all summer. For many students last month marked the start of a completely new experience; the child going off to kindergarten; the teenager starting high school; the young adult beginning college or university. For others, September brought a new job or change in location of their work. For still others, the fall season means getting settled into the new community into which they moved during the summer; meeting new friends and neighbors. To anyone facing a new beginning I wish "Happy New Year".

When I think of new beginnings, I am reminded of such Biblical people as Abram, the Old Testament patriarch. To Abram God gave a new name, Abraham, and a challenge. For Abraham was to pull up stakes in his homeland and journey many long miles to a new home where God would lead him. Abraham must have weighed the risks and dangers in his mind as he contemplated God's direction, but yet he did go. And through him, the roots of the Israelite nation were established in Palestine.

Perhaps that is a rather dramatic example of new beginnings. But we do feel much anxiety and risk when we face the challenge of a new start, of going forth into totally new circumstances: the day our youngest child goes to school; a new job; beginning a new life as a married couple; a new and more responsible position; or when we bid farewell to the last child leaving home. No matter what the circumstances, God promises his presence just as He did for Abraham of old. I trust that you will embrace the risks and challenges of a "new year" and go forth under the guidance of God's Holy Spirit.

A brief word in conclusion: September also marked the beginning of full church activities in Stouffville. We welcome one new clergyman, Rev. Donald Payne.

Married sixty years

On Oct. 2, 1918, Henry Heise and Martha Stickley were married at the home of the bride's parents, Mr. and Mrs. John Stickley, North Markham. On Saturday, Rev. and Mrs. Heise marked their Diamond Wedding Anniversary. The occasion was celebrated in the fellowship hall of Heise Hill Church. Friends and relatives, some from a distance, attended. The honored couple are proud of their family that includes one son, Lorne, of Maidstone, Ont., near Windsor; two daughters, Verna (Mrs. Lewis Heise), R. R. 1, Unionville and Ruth (Mrs. Cecil Cullen) Fordwich, Ont.; eleven grandchildren and 21 great grandchildren. Rev. Heise, operated a store in Stouffville for several years and was influential in starting up the Brethren In Christ Church at Oak Ridges.

—Jim Thomas.

Late Harry Crisp

A tribute

The recent passing of Harry C. T. Crisp, former Clerk and Councillor in the Township and Town of Markham, has been recognized by York Regional Council.

The following motion was put forward by Mayor Tony Roman of Markham and seconded by Councillor Lois Hancey of Richmond Hill that: "Whereas the Regional Council has received with deep regret the news of the death of Mr. Harry C. T. Crisp, former Clerk of the Township of Markham and later the Town of Markham; former Councillor of the Town of Markham and a member of the Regional Council for the years 1973-74; and whereas the Regional Council desires to express its sympathy to the family of the late Mr. Crisp, who is remembered by his former colleagues on the Regional Council with profound respect for the contribution that he made during his active years towards the well-being of the citizens of the Regional community and in particular the Markham area; therefore it is resolved that the Regional Clerk be requested to record the foregoing expression of sympathy in the minutes of this meeting and to convey assurance to Mrs. Crisp that her sad loss is shared by the many friends and former colleagues of Mr. Crisp, who remember him as a person of dignity, humor, compassion and dedication".

On invitation by the Chairman, two minutes of silence was observed.

If your Canada Savings Bonds mature this year

Now's the time to reinvest in new Canada Savings Bonds

Here are three easy steps to keep your money working for you.

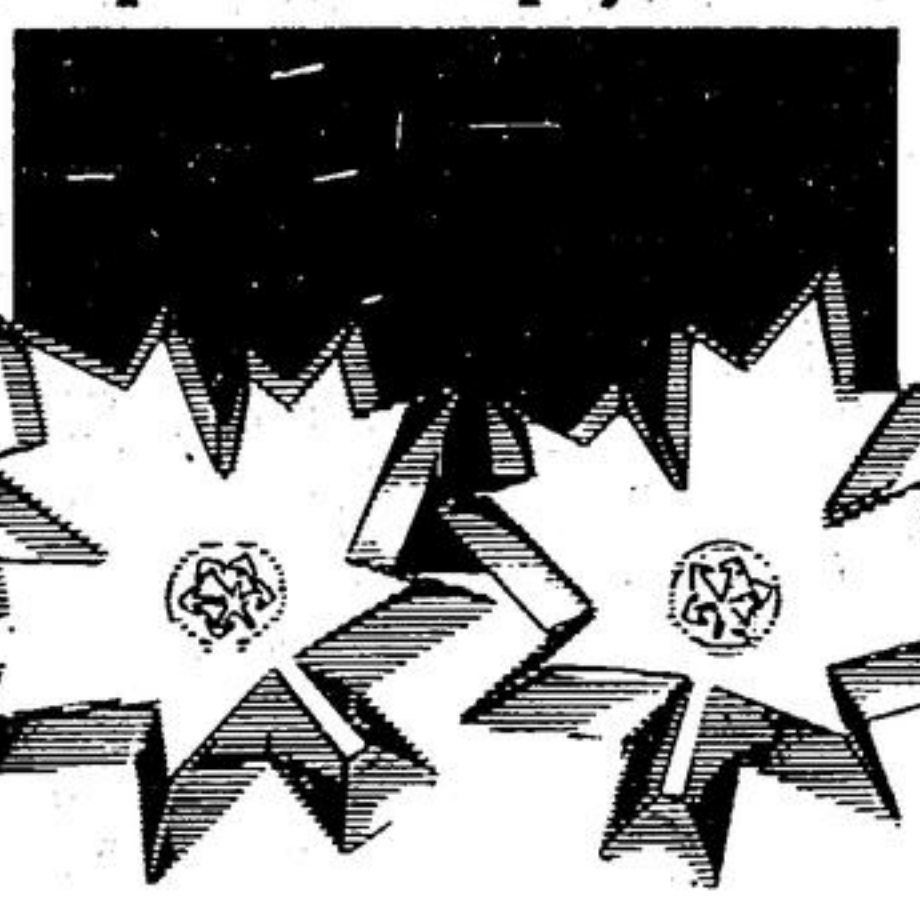

1 Locate and identify your bonds

Two Series of Canada Savings Bonds mature this Fall:
1969/70 Series (S24) maturing November 1, 1978,
1968 Special Replacement Series (SR) maturing October 1, 1978.
Look for "S24" or "SR" preceding the serial number on the corner of your maturing bonds.

2 Find out the cash value of your bonds

At maturity, every holder of "S24" or "SR" bonds will receive the face value shown on the bond, plus a special cash bonus payment and any interest payable on the bonds.

If you have any questions about the value of your bonds, just ask the people where you bank or invest.

3 Special arrangements make it easy to reinvest

Simply present your "S24" and "SR" Series Canada Savings Bonds to your bank or other authorized redemption agent. All the paperwork

in connection with the redemption of your bonds will be done for you at that time. For "S24" bonds the transfer of funds will take place automatically on November 1.

In the same transaction, you can sign up for the new 1978/79 Series Canada Savings Bonds. You may reinvest all proceeds from your maturing bonds in the new Series. Also, you may buy an additional amount up to \$30,000, the purchase limit of the 1978/79 Series. It's a great way to keep your money working for you!

Act now

There are more than 900,000 Canadians who own maturing bonds. If you are one of them, go to your bank, investment dealer, trust company or credit union and make arrangements to reinvest in the new Canada Savings Bonds. Do it now and avoid the rush!

New Canada Savings Bonds offer you a great choice

With the new Series, you have a choice of bonds. There's a Regular Interest Bond that pays interest each year. And a Compound Interest Bond that reinvests your interest automatically, earning interest on your interest.

The Regular Interest Bond

If you want a regular annual income from your investment, you'll like the Regular Interest Bond which pays interest automatically each November 1.

If you're like many bondholders, you'll appreciate the direct deposit feature. With this convenient option, your interest is deposited directly into your chequing or savings account. Simply ask for it when you buy your

new bonds. Or, you can receive your interest by cheque through the mail.

The Compound Interest Bond

If you seek savings growth, or an investment for the future, or a retirement fund, you'll choose the Compound Interest Bond which earns interest on your interest, after the first year, at the guaranteed annual rate of 8.90%. For example, a \$100 bond will grow to \$181.74 at maturity in just 7 years.

Security and Instant cash

Whichever type of bond you choose, you will own a safe, secure investment which can be turned into instant cash whenever you need it.

A good return

New Canada Savings Bonds are dated November 1, 1978 and yield an average annual interest of 8.90% when held to maturity in 1985. Each new bond earns interest of 8.50% the first year and 9% for each of the remaining 6 years.

Buying Canada Savings Bonds has been a great Canadian tradition for over 30 years. They're the proven choice.
