**Students on T.V.**

STOUFFVILLE — S.D.S.S. is proud to announce that within our school we have two T.V. celebrities! Terry Kelly and David Dart, Year 5 students, were recently interviewed by Lotta Dempsey on the CBS T.V. show, "From Now On". Each year the grade 12 Health and Physical Education classes take part in an activity referred to as the "Hand in Hand Project". Its purpose is to bring the young and the old closer together. Last year both Terry and Dave were eager participants in this activity and, as a result, this year travelled to the CBS studios to be interviewed on their contributions to the Hand in Hand Project in this area. In order to see Terry and Dave's television debut, tune in to CBS on Tuesday, December 19. The program, "From Now On" is aired from 9:00 a.m. to 9:30 a.m.

Further reference to the Hand in Hand Project: if there are any seniors in the Stouffville area who wish to have their sidewalks shovelled this winter, or require a driver to take them shopping, to the doctor's office, or dentist, for example, SDSS students would be glad to help out. Simply call Stouffville District Secondary School (640-1433) and leave your name and telephone number.

It seems as though our Sr. Girls Basketball squad just can't stay away from the challenge of competition. Last Saturday the girls travelled to St. Robert's High School where they battled teams from G.W. Williams (Aurora), Langstaff and St. Roberts (Thornhill). Congratulations to Karen Berry, Lori-Ann Barry, Ruth Eby, Lynda Frisby, Barb Goudie, Beth McBride, Peggy McBride, Judy Sackfield, Nedene Smith and Carol Whale for their excellent showing.

This week a new "health nut", Rachel Barnett, captured second spot in the "Run For Fun" club as she ran a total of nine miles. Christine Green ran thirteen miles to finish first. Obviously, since most of the mileages have ceased to progress recently, the members are eagerly waiting for the snow in order to give running a bit of excitement!

As well as our school newspaper, entitled The Messenger, a new production is also being written. The staff of this journal, which is appropriately called "Le Formidable", is the SDSS French and German students. Contributions can be written about anything, from the weather to sports; however, the catch is that everything submitted must be "turned out" in either French or German. C'est tres bon, n'est-ce pas?

Recently the senior students who study French travelled to Toronto in order to view the French movie "Mon Oncle Antoine"; luckily, there were English subtitles!

Seventeen year old Caroline Carr, a Grade 12 graduate of Stouffville Dist. Secondary School, is presently employed as a cashier at the I.G.A. on Main Street. This spring, she'll be leaving to take up a year's

residence in Nice, France where she'll study the native language there. Later, she hopes to acquire a position with one of the airlines. —Jim Thomas.

**Shopping bonus**

By JIM THOMAS  
STOUFFVILLE — Shoppers at the Stouffville I.G.A. appreciate the 'bonus' that comes with grocery orders checked out by cashier Caroline.

Her smile is something 'special'. It comes at no extra cost.

Caroline Carr is our "Girl Next Door".

This sunny 17 year old hasn't always lived in Stouffville, in fact, her

birthplace was England, then four years in Scarborough.

"I like it here," she said, "it's a friendly town". She also likes the folks she meets in the store. Many of the 'regulars' she knows by name.

As much as she enjoys the work, it won't be a lifetime career. In the spring, she hopes to live in with a family at Nice, France and become more

fluent in French. This could lead to a position with an airline firm.

"I'd like to be a stewardess," she said, "but I'll have to grow a couple of inches". She stands 5'2".

Caroline's a Grade 12 graduate from S.D.S.S. She liked Stouffville High and still keeps in touch with student friends and members of the staff.

The teachers? "I liked them all," she said,

"especially Mr. Roche." She described him as "everybody's friend".

Interests include — gymnastics, judo, trap and skeet shooting, horseback riding and downhill skiing. She also reads a lot.
