

Bill Kingsley Cadet officer is honored

STOUFFVILLE — There are many ways of making valuable contributions to the armed forces.

Bill Kingsley, Main Street West, was recognized for his particular work in the military, Nov. 15, at the Optimists' Hall, Newmarket. Lieutenant Colonel Al Johnson, a friend and associate, presented him with the Canadian Forces Decoration Medal for over 12 years of loyal and devoted service.

Mr. Kingsley, a teacher at Stouffville Dist. Secondary School, has been an instructor for the Newmarket and District Air Cadet Squadron for about 14 years. He's a lieutenant in the air force reserve.

Lieut. Kingsley acquired his knowledge in active service during the Second World War. He was an observer in a bomber. His plane, an old Halifax, was shot down in a raid over Germany. He parachuted to safety, and into the hands of the enemy. He spent 22 months as a prisoner of war.

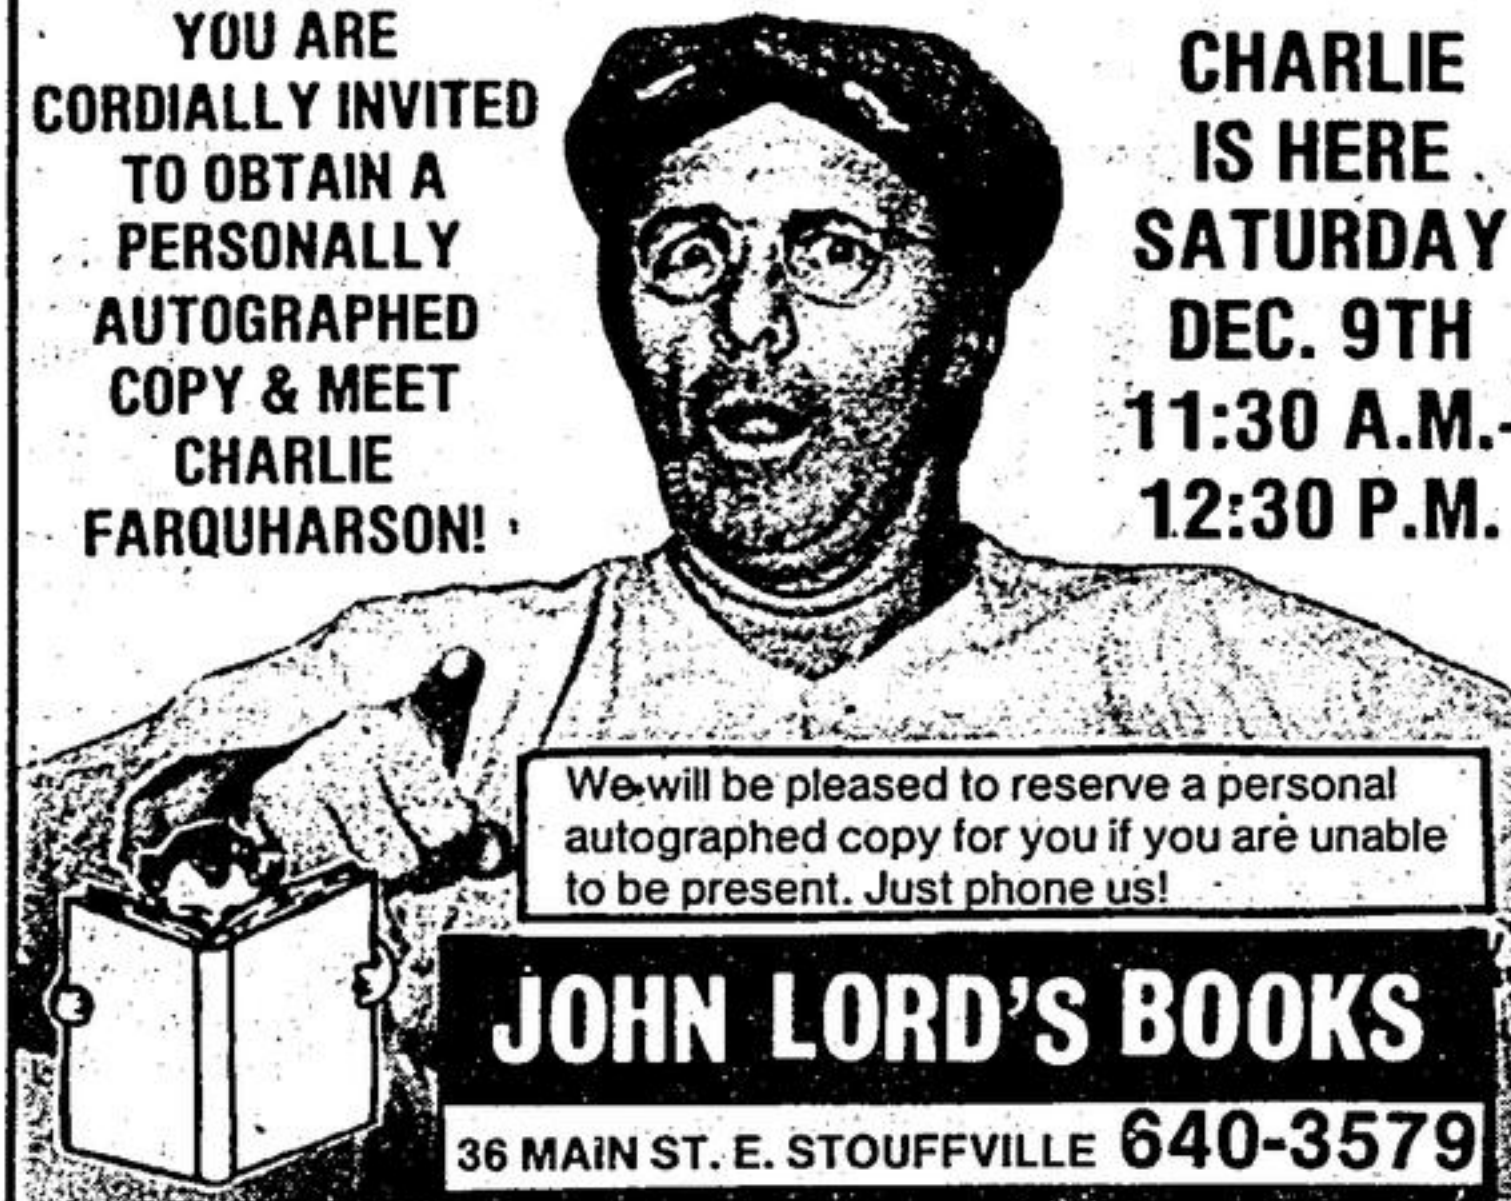

Getting involved with the cadets was quite by accident. When Mr. Kingsley moved to Stouffville, the former commanding officer, Al Johnson, discovered he was a veteran and approached him. "I've been at it ever since," Mr. Kingsley said.

Bill Kingsley is a volunteer, as are all cadet leaders. He explained he enjoys working with the other officers, and "dealing with the kids." He finds satisfaction in helping cadets both learn and cope with their individual problems.

Not only do the cadets learn flying skills, navigation, and aero engine mechanics, but according to Mr. Kingsley, they are trained to be good citizens. This is actually the main aim of the program, he emphasized. He encourages anyone aged 13 to 19 to join.

Homes 'fit in' on Second St.

STOUFFVILLE — Many homes built in an already established neighborhood have little in common with the residences nearby. Often, they "stand out like sore thumbs".

Such is not the case, however, on Second Street, west of William. There, two houses now completed by Aura Lea Homes of Markham, are designed to be fully compatible with others in the area.

The Victorian-styled homes are located side by side, immediately west of

the Coach House, a landmark on the street. The project is a first of a kind for the Aura Lea firm, president Robert Milthorpe told The Tribune.

"We've had several enquiries," he stated, adding that neighbors are very pleased with what's been accomplished.

In fact, Mr. Milthorpe noted, the people close by have helped out in several ways, even to providing temporary hydro power and offering a storage shed for tools.

The houses are

selling for around \$100,000 not out of line, the president feels, when one considers the quality of workmanship that's gone into them. All the bricks are hand-cast, he said, giving the exterior a more authentic appearance.

The residences offer three bedrooms, a recreation room, four washrooms and a new-type fireplace that draws air from the outside.

The homes were designed specifically for the sites by architect Jake Fowell.

In addition, he saw one of the best games played at the Gardens this season.

Card from 'Sunshine'
Several Stouffville residents have received Christmas cards from "Sunshine", a caller in town on many occasions. "Sunshine" (Anton Nielsen) is a renowned traveller, having crossed Canada from coast-to-coast many times, all "on his thumb". He'd be pleased to receive a card in return from friends in the area. His address is 1060 Southgate Street, Room 2, Victoria, British Columbia (V8V 2Z2).

Don't try it!
Pretty girls are not fair game unless there's a sprig of mistletoe hanging over head. Thirty-one year old Jose Thomas Castro of Wellington Street West, Markham, learned this Nov. 20. He spotted a cute 14 year old and kissed her several times. She didn't appreciate his unannounced advances and called police. This modern-day 'George-Porgie' will answer for his actions in Newmarket Court.

Tree "all aglow"
It's worth a trip along Rupert Avenue (west of Ninth Line), to see the lighted tree at the home of Mr. and Mrs. Ernest Beer. The twenty-five foot high spruce is "adorned" with one hundred bulbs, producing an effect unlike anything in town.

Participate in Canada's Employment Tax Credit Program.

The Employment Tax Credit Program was introduced by the Government of Canada to stimulate employment in the private sector.

In essence, we're encouraging you to expand your work force by providing a tax break for your business. The potential annual tax credit for each new employee is over \$3,000. And there is no limit to the number of new employees you can hire.

Now, by using the experience we've gained so far, we've changed the program

to make it even more attractive.

Up to 33 1/3% more tax credit.
The maximum term for the tax credit has been increased from nine to 12 months for each new employee. That means up to 33 1/3% more tax credit.

Greater eligibility.
We have expanded the number and types of businesses eligible to benefit. Now almost every business that's been operating in Canada for a year or more can join in.

Wider choice of new employees.
Now, almost anyone who's unemployed and registered at a Canada Employment Centre for a minimum of two weeks is eligible.

A minimum of red tape.
We've simplified the procedure, so you can do the whole thing, from beginning to end, with just two single-page forms. For full details on the program, contact any Canada Employment Centre/Canada Manpower Centre.

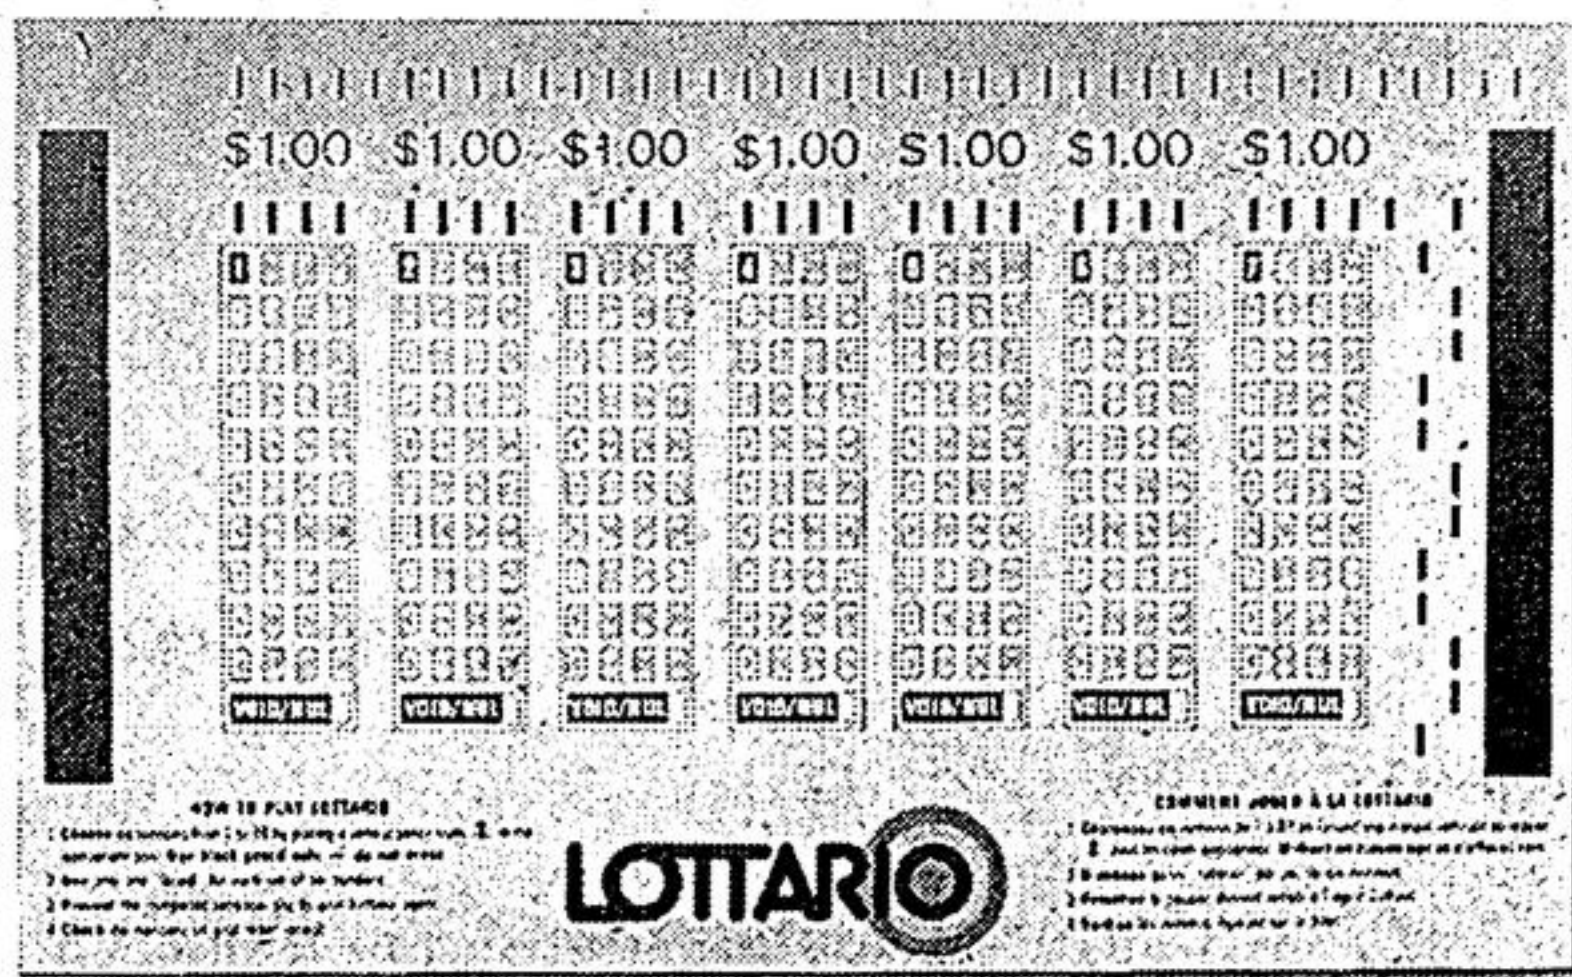

EMPLOYERS: CAN YOU IGNORE A POSSIBLE TAX CREDIT OF \$3,000 OR MORE?

LOTTARIO! A LOTTERY THAT LETS YOU WRITE YOUR OWN TICKET.

HOW TO PLAY.

All you need is a selection slip, a pencil, a buck, and a little luck.

1 You can get selection slips from any LOTTARIO agent. On each slip you'll see seven 'boards' with numbers 1 through 39.

Using one 'board' at a time, select any six of the 39 numbers. With a black pencil, make a vertical mark in the box which contains the number selected.

2 Take your selection slip to a LOTTARIO agent or retailer who will enter your selected numbers in the LOTTARIO computer and issue you a receipt with your numbers printed on it. That is your LOTTARIO TICKET. Check it to ensure that the numbers on it are the ones you have chosen.

3 Each 'board' costs \$1 to play. You may play as many 'boards' as you wish. In other words, if you played 2 'boards', it would cost \$2.

4 Then watch the draw on TV every week or check your newspaper to see if the numbers you've chosen match the numbers that are drawn.

5 If you've won, simply present your winning ticket to your LOTTARIO agent for validation. If you've won \$100 or less, the agent will pay you right there on the spot. If you're a big winner, your LOTTARIO agent will tell you how and where to claim your prize.

HOW MUCH YOU WIN.

The major prizes are divided into four separate prize pools — the JACKPOT Pool, the Second Prize Pool, the Third Prize Pool and the Fourth Prize Pool.

The Fifth Prize is worth \$5. Those holding winning tickets in any of the four pool categories will share that pool equally.

For example, if the JACKPOT pool is \$300,000 and 2 players have correctly chosen the six regular numbers, each player would win \$150,000.

The weekly JACKPOT could be \$100,000, \$300,000, \$500,000, or more depending upon the number of people playing LOTTARIO. In the event that there is no JACKPOT winner, the JACKPOT Pool builds each week until someone wins it.

In Quebec, the JACKPOT in a similar lottery was over \$1 million before being won.

HOW YOU WIN.

Every week six regular numbers and a bonus number will be drawn on TV.

Match those six regular numbers, in any order, and you're the JACKPOT winner, or, if someone else has also chosen the same numbers, then you'll share the prize.

But if you don't have all six numbers, there are still thousands of other chances to win.

If you get five of the regular numbers right and your sixth number matches the bonus number, you share in the big Second Prize Pool.

Or, if you match five of the regular numbers, your bundle of cash comes from the Third Prize Pool.

Match four regular numbers and you share in the Fourth Prize Pool.

And, if you match three of the regular numbers, you win \$5. Not bad fun for a buck! And there are bound to be thousands of winners every week, because the numbers you choose don't have to be in the same order as those drawn.

YOU DON'T JUST BUY A TICKET.
YOU PLAY IT.
