

## Sr. Girls' Volleyball Team

# Hail the champs!

By Mary Jo Sutherland  
Practice makes perfect.

The proverb definitely held true last week when our Sr. Girls' Volleyball Team captured the York North Championship for 1978-79.

In the semi-finals, the S.D.S.S. squad travelled to G.W. Williams Secondary School. Since they'd already qualified for the fourth and final playoff spot, the girls had nothing to lose.

The first game was against Sutton, undefeated all year. This record didn't phase the Stouffville team. The won two straight.

Stouffville then moved on to play King City, the other semi-finalists. In a superb performance, they

bumped and spiked their way to the North York Title.

The seniors now advance to the Georgian Bay Championships.

Two days following this feat, the girls hosted Langstaff, the second place team from the South, in the York County Finals. Stouffville drubbed them 15-3 and 15-11—an easy sweep for our "super stars".

Lynda Frisby was the top player, backed by fine team work.

The next hurdle is the York County Championships. The opponents will be Markham.

Congratulations are extended to Mrs. McBride, the coach; Ruth Eby, Lynda Frisby, Gyl Langley, Jane Lewis, Beth McBride, Peggy McBride, Donna Reesor,

Mary Lou Reesor, Judy Sackfield, Chris Seymour and Julie Simonds.

This is "Winter Week" at S.D.S.S. All gym classes will be held outside. A highlight will be the Winter Carnival, Thursday. Events include snow sculpturing, a

snowmobile rodeo, cross-country ski race, a tug-of-war, a fire-rolling contest, a log-sawing contest, a longest scarf contest and more.

On March 9, a "dance-a-thon" will be held to raise money for the school.

## Science Fair

**BALLANTRAE** — Organizers of this year's Science Fair at Ballantrae Public School, have expressed enthusiasm with the quality of the exhibits prepared by local students.

Results follow:  
**PRIMARY** — Steven Karlson, (electric current); Derrick Schellenberg (insulation); Steven Morrison (electric

current). **JUNIOR** — Jeff Prince (perception); Val Murnaghan and Cathy Graham (molds); Carey Anderson (fire prevention); David Howe, (the beaver). **INTERMEDIATE** — Michael Von Zuben (electricity); Christine Graham and Shannon Murnaghna, (acids and bases); John Paterson, (hovercraft); and Jeff Hamilton, (mining).

Sixteen year old Cindy Sibbick, Hwy. 48, near Ringwood, is a Grade 11 student at Stouffville Dist. Secondary School. Interests include outdoor sports, stamp-collecting, soccer, singing and reading.  
—Jim Thomas.

### "Girl Next Door"

## Loved Africa

By Jim Thomas  
**RINGWOOD** — How does the other half of the world live? Most young people (and adults) only read about it but 16 year old Cindy Sibbick has been part of it.

Cindy spent four years in the town of Kafue, Zambia, Central Africa, along with her parents, Mr. and Mrs. Ralph Sibbick and brother, David. Her father taught high school there.

The pretty teenager liked it so well, she wants to go back; and while quite young at the time, she retains many pleasant memories of her stay. "The people were so kind, I loved it. I'll surely return if I ever get the chance," she said. Despite the fact she was the only white pupil in the school, there was no discrimination.

Cindy's our "Girl Next Door".

The Grade 11 student points out that travelling to distant countries tends to make one more ap-

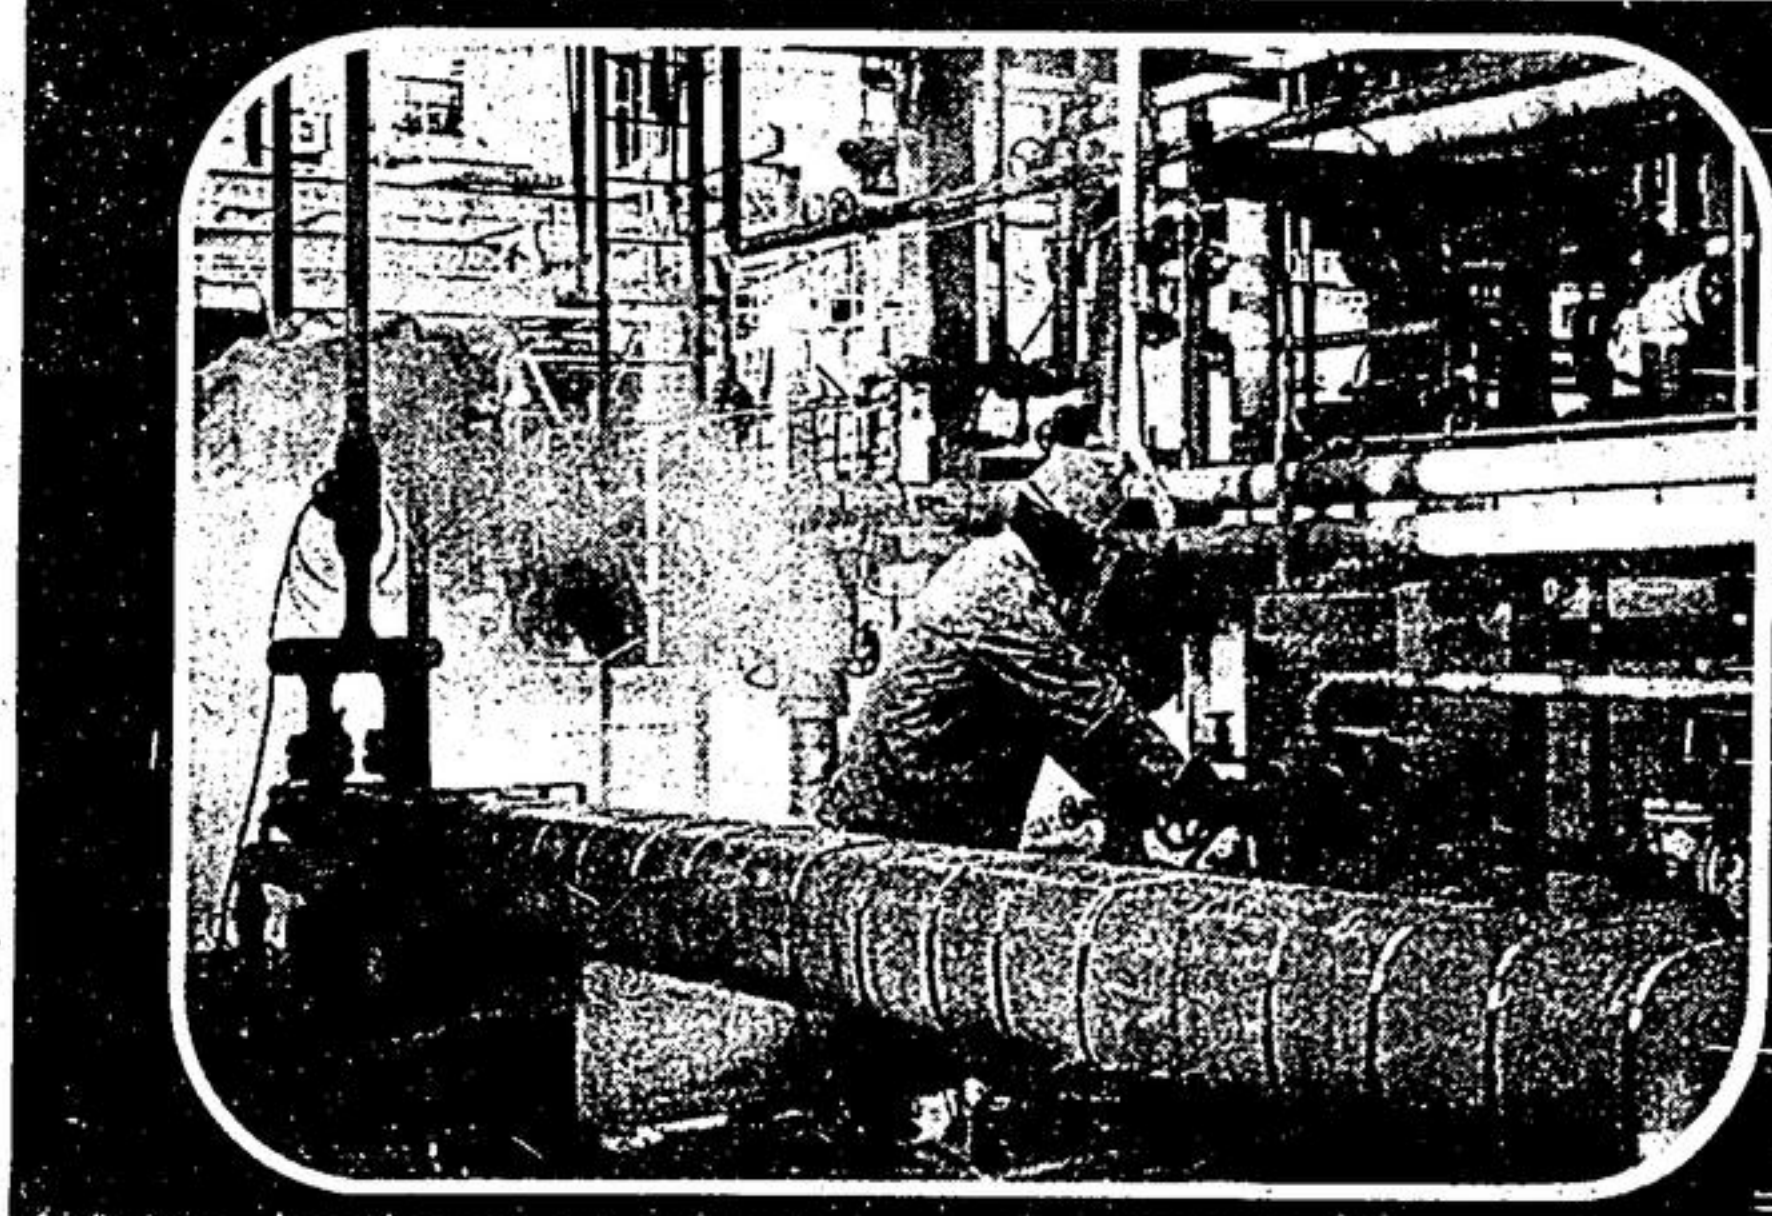

preciative of the benefits at home. On the way back, they stopped off at several places including Hiroshima, Japan. There, they stayed in the only house left standing following the atom bomb blast.

Cindy's originally from Scarborough but has lived in the Stouffville area since returning from Africa. Like her mother, she's an extremely active girl. She works part-time at The Steerburger on Main Street West; is enrolled in the Eleanor Fulcher Modelling School; is the co-president of the United Church Hi-C and helps out in the Sunday School. Other interests include stamp-collecting, singing, reading and just about everything that involves the great outdoors. Her favorite sport is soccer.

Cindy has nothing but good things to say about Stouffville High, in particular, her Math teacher, Mr. Roche. "He takes a personal interest in his students; everyone

feels at ease in his class. Her favorite subject in English.

Following graduation, Cindy hopes to go on to university and train for a position in social work with underprivileged children.

Your I.A.P.A. has safety skills to share! (And it doesn't cost taxpayers a penny!)

## Safety at work... everywhere!

I.A.P.A., The Industrial Accident Prevention Association is totally funded by business and industry. If your company is in manufacturing or retail industries, very likely it's a member of I.A.P.A.

How does it feel to be part of a world authority on health and safety, without costing taxpayers a penny? Good! Now get your own money's worth! If you have a need for information or consultation, contact I.A.P.A. today. We're constantly up-dating health and safety theory and practice, at work, at home, everywhere!
