GORMLEY — This community, through the years, has been noted for its gospel singing groups. Each has inspired audiences and congregations with meaningful hymn selections. It would seem that another three young ladies, are carrying on this tradition. Shelley Winter, Yvonne Johnson and Tracey Golding have formed a trio and on Sunday morning provided the special music at the Christian and Missionary Alliance Church in Unionville.

## "Bargain World"

### Store opens soon

STOUFFVILLE — Here's a switch. Bargain World's grand opening will be in a few weeks, and proprietors Suzanne and Don McNair want you to supply the inventory.

So dig into your attics and basements and bring your new or nearly new unwanted merchandise down to their store at 55 Main Street East.

The enterprise represents an innovation in merchandising, according to Don. "What is of no use to one person may be to another," he

says. "Why not bring your unwanted items down here and make a few dollars?"

The owners are interested in kitchen utensils, watches, toys, furniture, books, tools, crafts, infants' clothing, and more.

Everything in the store will sell for half its original price. The owners of articles will get between 50 per cent and 70 per cent of the sale price after the sale is made. Items can be removed from the store at any time.

Though it's a small store, it will also handle possessions as large as lawn furniture and swimming pools.

Suzanne, a former physical education teacher, will manage the store. Her husband, Don, also a Phys. Ed. instructor, will assist.

They've lived on Booth Drive in Stouffville for about three years with their daughter, Shannon. The couple is involved in "Music Mania".

Don has given guitar lessons and provided tennis instruction.

**What is the best age to start at Bishop's?**

Bishop's is an independent boarding school for boys and girls with a balanced program designed to benefit any student from Grade 7 to Grade 12. However, those who enter at Grade 7 and remain with us for their entire high school education gain the greatest possible benefit and far from being "too young", react extremely positively to our stimulating environment.

**Our academic program** is designed to make learning and discovering an exciting, stimulating process. Boys and girls, studying together, work in small classes, where questioning and constant teacher-student dialogue is encouraged. The result is that we have an outstanding record of senior class students accepted by the university of their choice.

Another advantage is that our compulsory French program is of a calibre enabling a child with initiative to leave BCS bilingual.

**Our athletic program** In some schools, students are denied the chance to enjoy sports unless they are very good. At Bishop's, our compulsory sports program, that includes soccer, football, hockey, skiing, tennis, track and field and rugby, gives every student the opportunity to develop leadership potential and a sense of responsibility.

**Our activities program** Choir, drama, photography, debating, astronomy, and cadet courses like hunter safety, driver education and outdoor survival, all help develop the student's awareness of doing, discovering and participating. Attendance at special productions in local theatres and regular social gatherings are additional features of our program.

Our 450-acre campus, in the town of Lennoxville, is about 90 minutes' drive from Montréal. If you would like more information, write to: John D. Covans, MA, Headmaster, Bishop's College School, Lennoxville, Québec J1M 1Z8. Or better still, call our Admissions Office at (819) 562-7683 and arrange to come and see us.

**A record-breaker**

Meet the champ. The fisherman with the season's biggest fish. He's Gord Harper, conc. 4, Uxbridge Twp., holding a 21 pound lake trout, hauled through a ten inch hole at Lake Simcoe, last week. The "monster" measured 36 inches long and 21 inches around. Eat it? No siree. Gord plans to frame it. —Jim Thomas
