

INTRODUCING THE GREAT NEW GRAVELYS. RIDING MOWERS BUILT TOUGH, LIKE OUR TRACTORS.

30" riding mower. Optional rear bagger. 8hp Briggs & Stratton engine. Electric start.

We mean tough from the inside out. The all-gear, rugged Pow-R-Trac 3-speed transaxle has a 2-year limited warranty.

The automotive-type steering and smooth, sure clutching make a Gravely riding mower handle sure and easy.

A rear engine for better traction, and pivoting front axle for smooth mowing. All models have Briggs & Stratton engines.

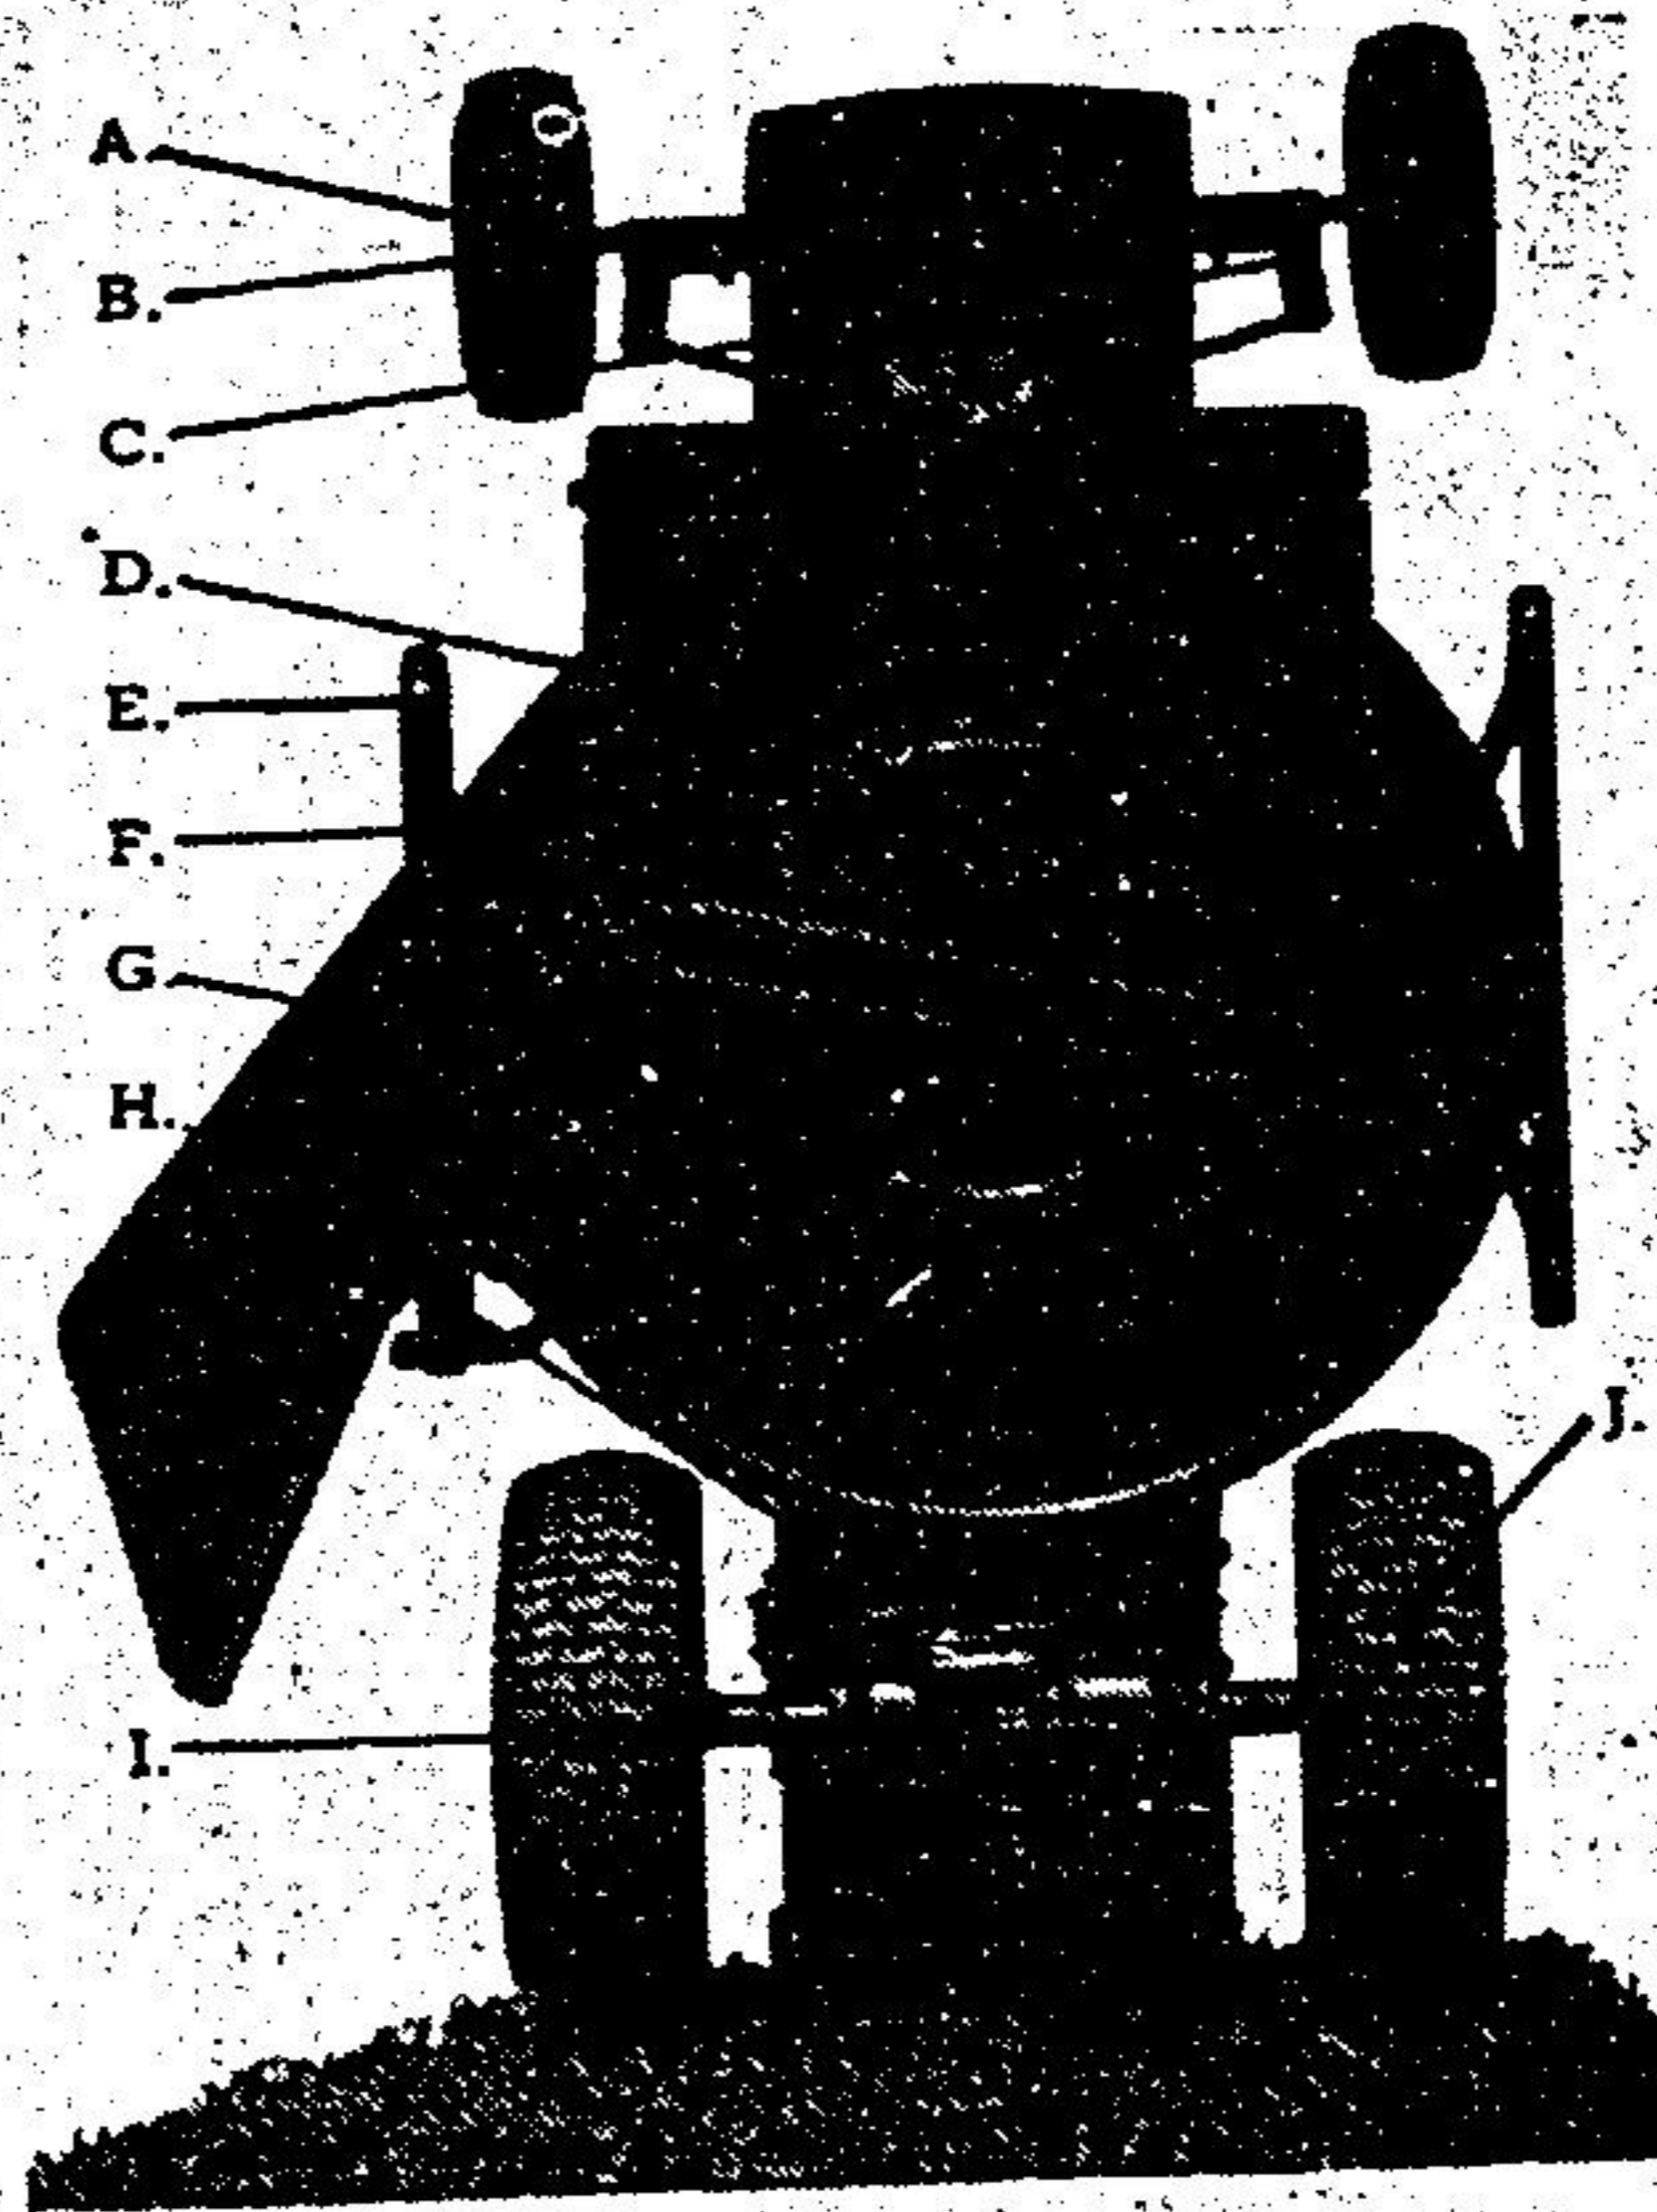

When you buy a Gravely, you also get a respected Gravely dealer, with parts and service if you need them.

New Gravely mowers are built with

the same Gravely quality that's helped our lawn and garden tractors become legends in their own time.

Come by for a test drive. See our new line of lawnmowers, too. You'll get more than a ride. You'll get performance.

GRAVELY.
Your kind of mower.

EXAMINE EACH FEATURE

You'll agree Gravely gives you more

A. Pneumatic tires, ball bearings and dust seals on front wheels for long life, dependable performance.

B. Floating front axle lets wheels follow uneven terrain for level cutting.

C. Automotive type steering with 2.5 to 1 gear reduction for easy handling.

D. Adjustable blade housing suspended to float over uneven ground contours.

E. Sturdy skids help prevent scalping on rough ground.

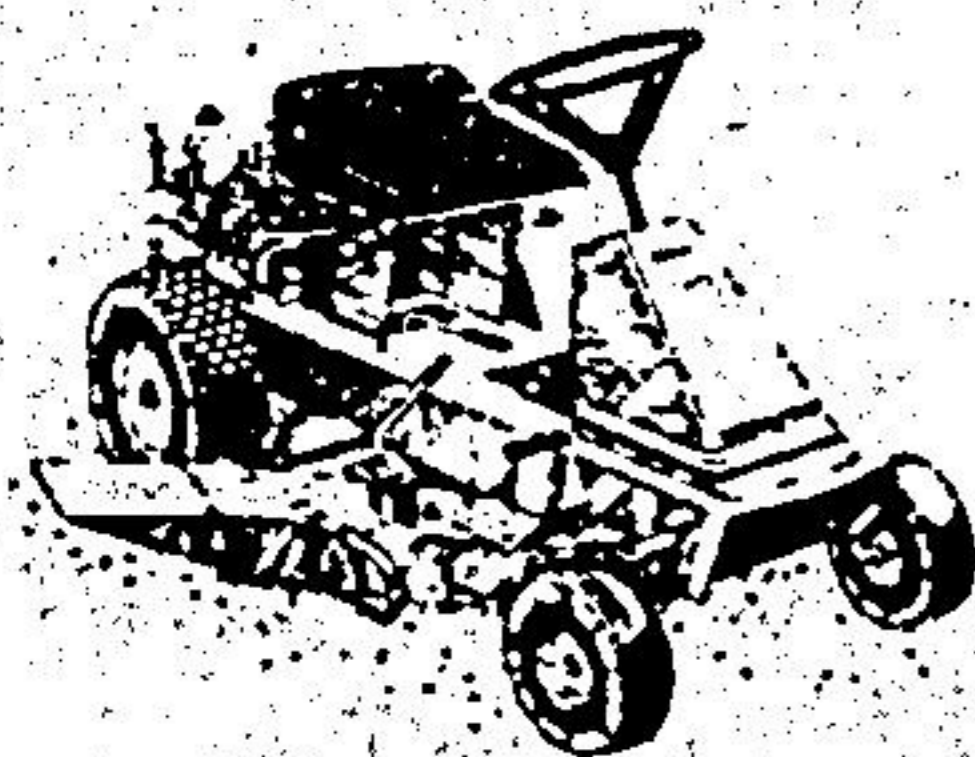

F. High lift blade lifts grass for even cutting.

G. Housing and blade design vacuums clippings for discharge or bagging.

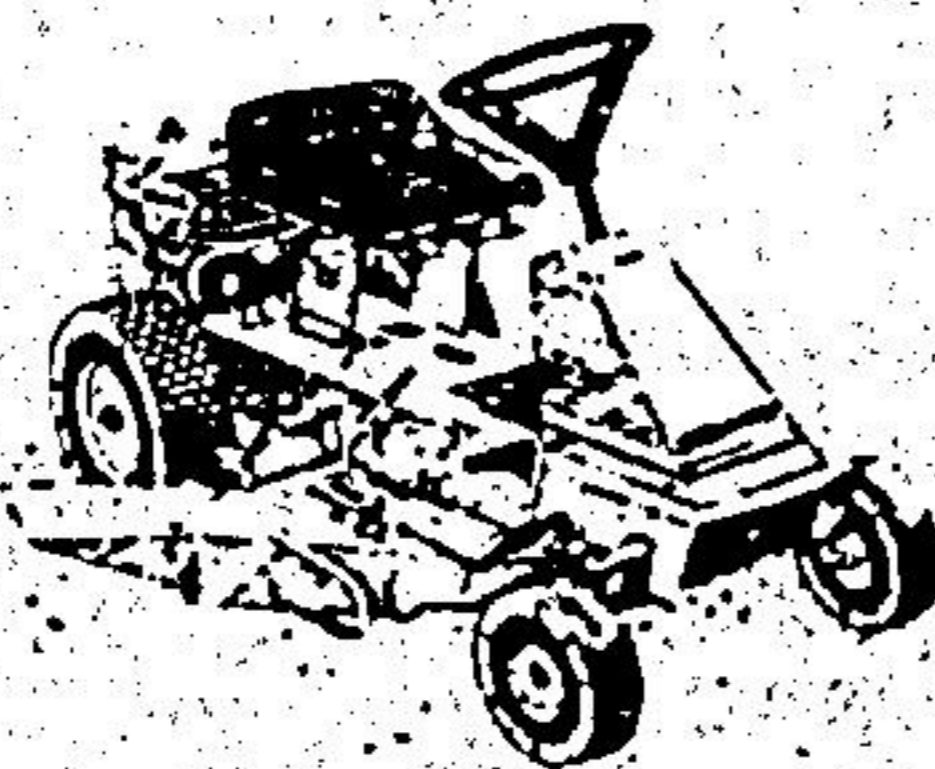

H. Heavy-duty unitized frame with one-piece formed steel construction. Rugged, dependable.

I. Rugged transaxle, 3-speeds and reverse, enclosed transmission running in oil and gear drive system.

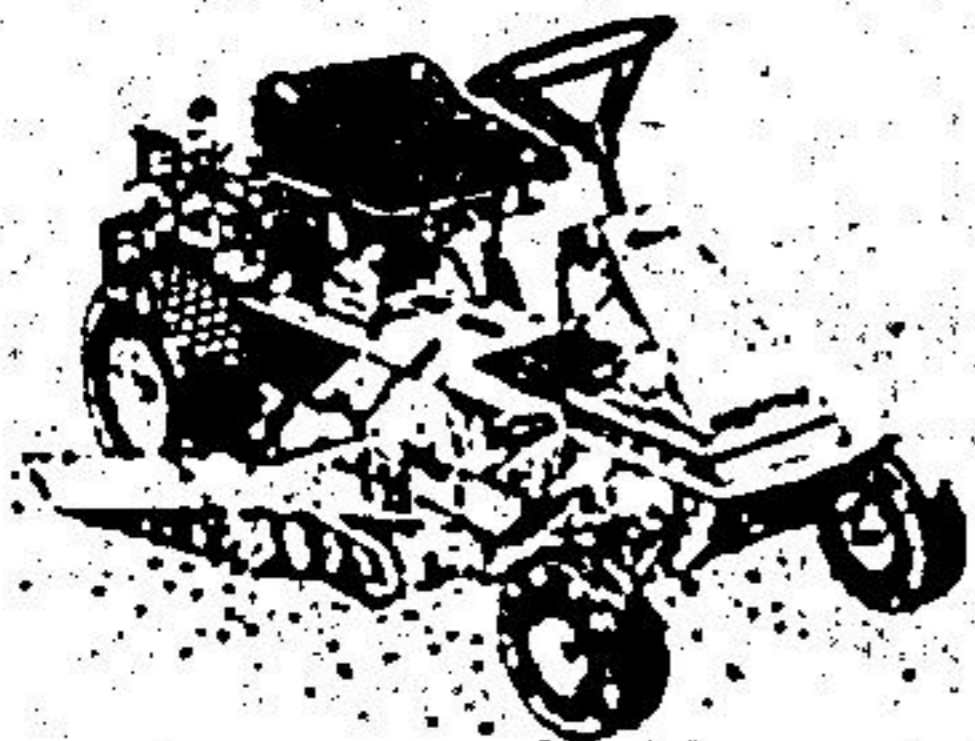

J. 16 x 6.50-8 pneumatic rear tire with wide-track treads for positive traction.

30" Gravely riding mower 8hp Briggs & Stratton engine. Electric start. Automotive-type steering.

30" Gravely riding mower 8hp Briggs & Stratton engine. Recoil start. Automotive-type steering.

30" Gravely riding mower 11hp Briggs & Stratton engine. Electric start. Automotive-type steering.

THE NEW GRAVELY REAR BAGGER PUTS GRASS WHERE YOU WANT IT.

Slips into areas where a side bagger won't go. Also converts to side discharge.

The bag holds two bushels of grass and leaves. Goes on and off without tools.

The mower's easy to handle with large diameter steel wheels and aluminum deck. 4 hp. Briggs & Stratton engine.

Ask for a demonstration. We have parts and service if you need them.
