

Value-Priced Power Drills

3/8" variable-speed drill
with 2500 rpm maximum

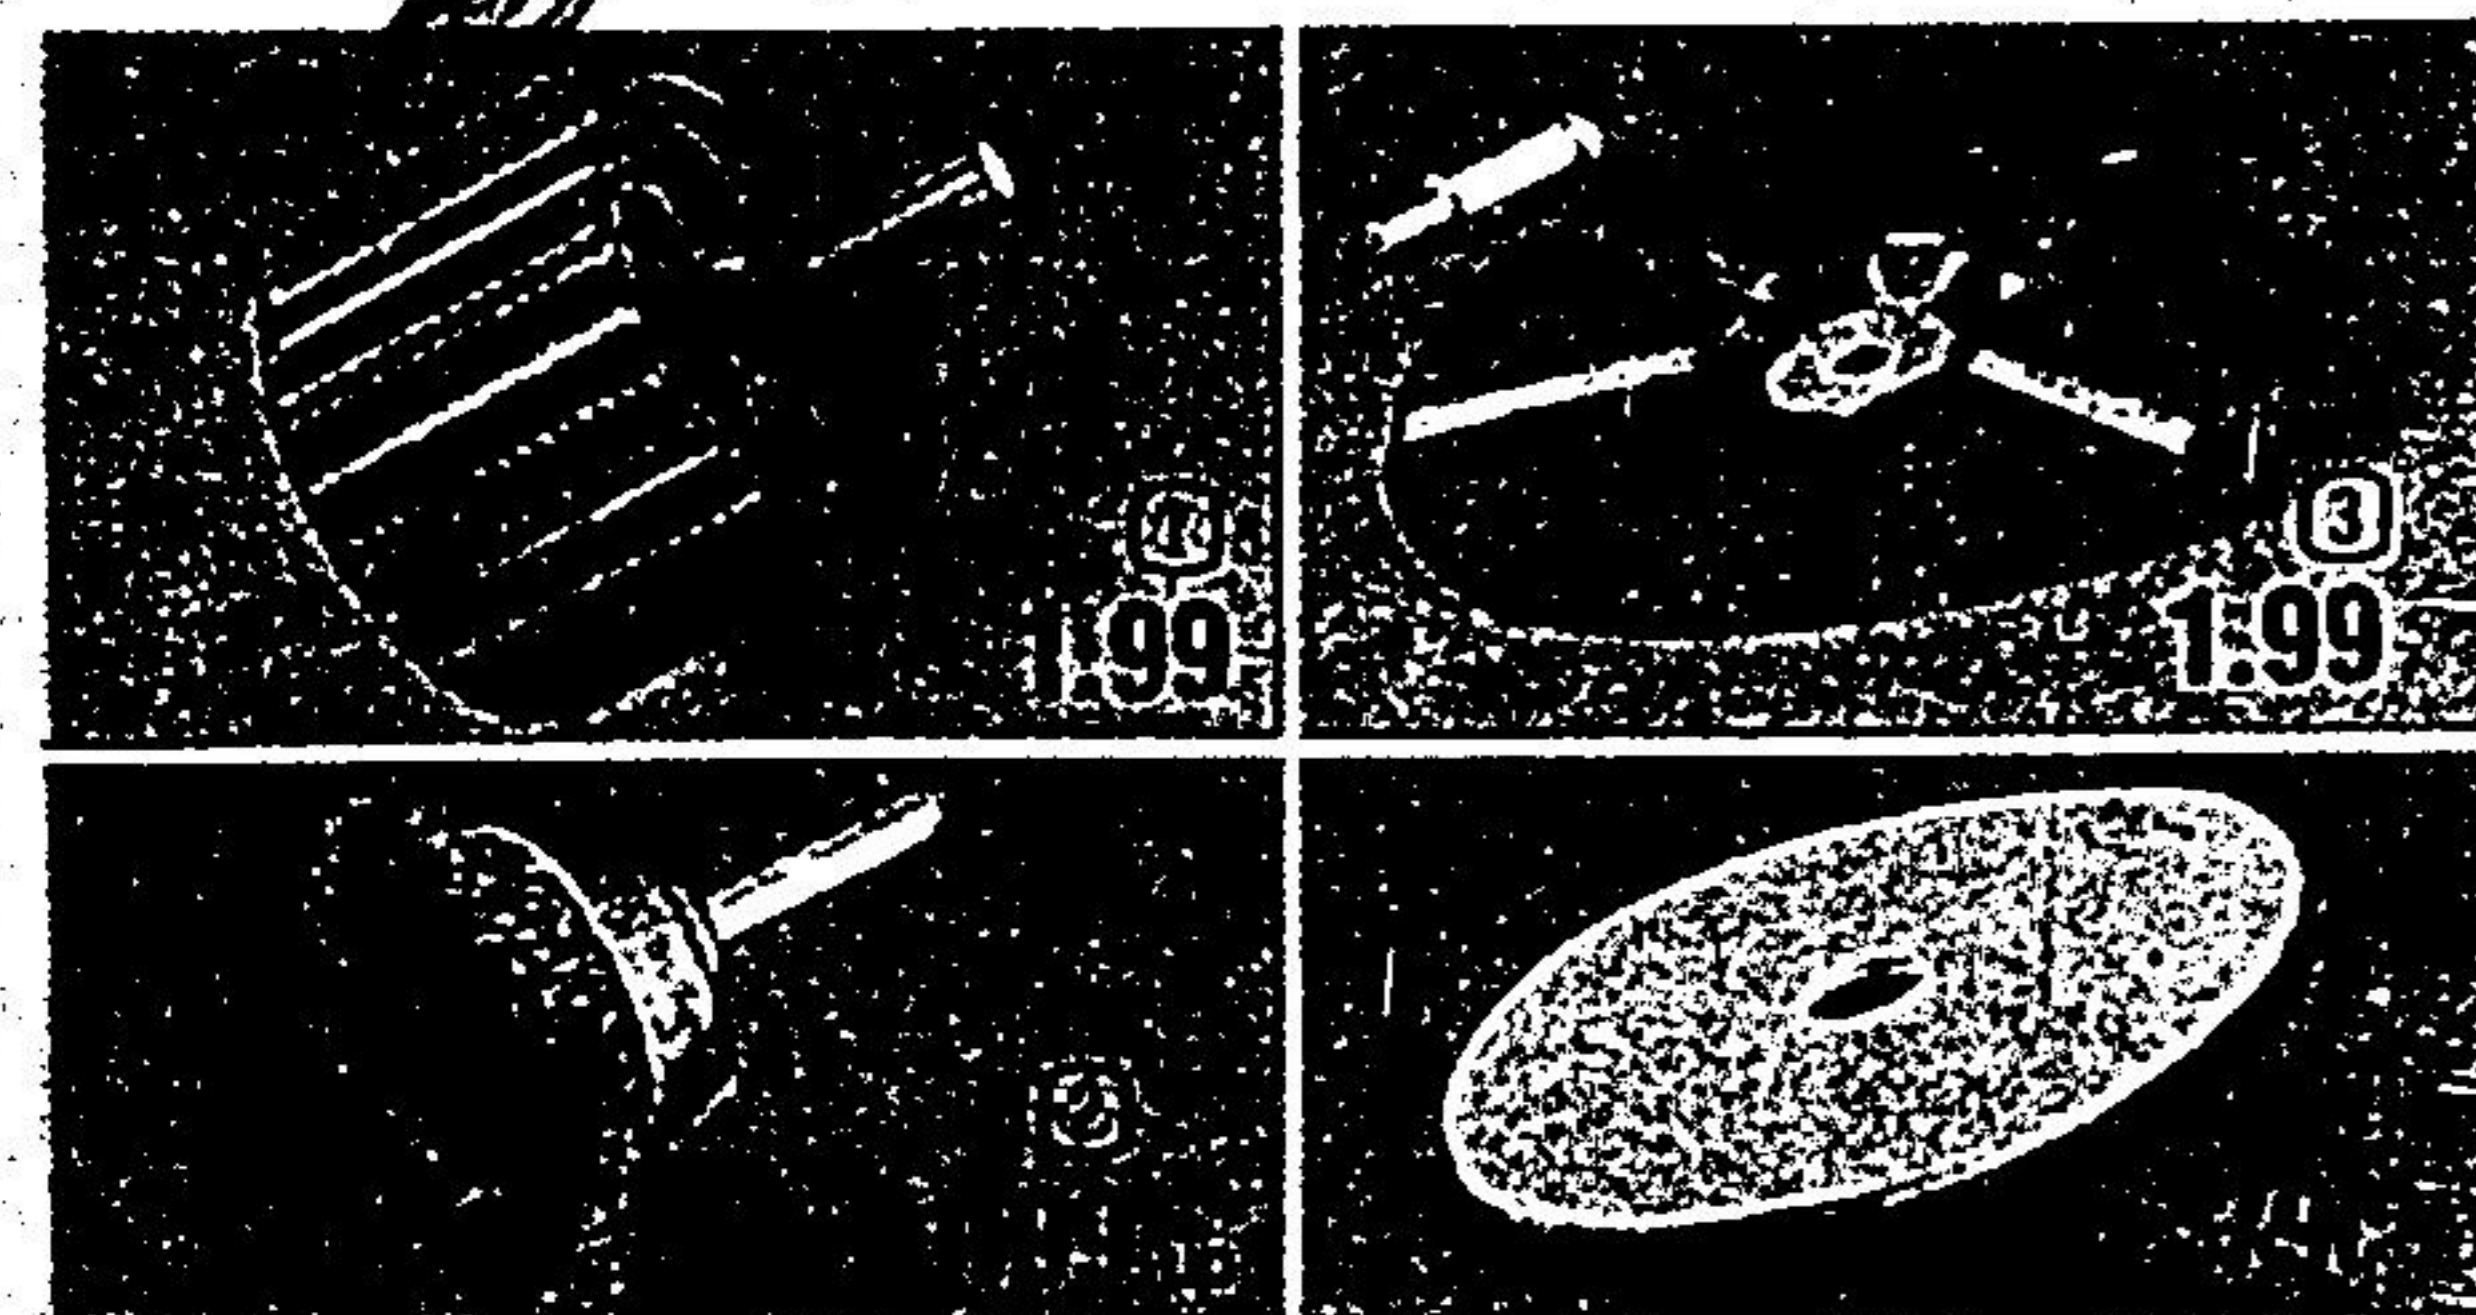

23⁸⁸
Regular \$26.95

Combines the regular benefits of a 3/8" drill, with its lower speed and greater torque for prolonged use in metal and masonry, with the high 2500 rpm speed of a 1/4" drill for best sanding and polishing action. 3-amp motor. B & D #5746-04. 54-2857

Variable speed for convenience

Double insulated needs no grounding

Recessed centre locking button
