If only we could afford to brighten this dull, dreary room. It would be great to paint it or maybe even do something kicky with wallpaper.

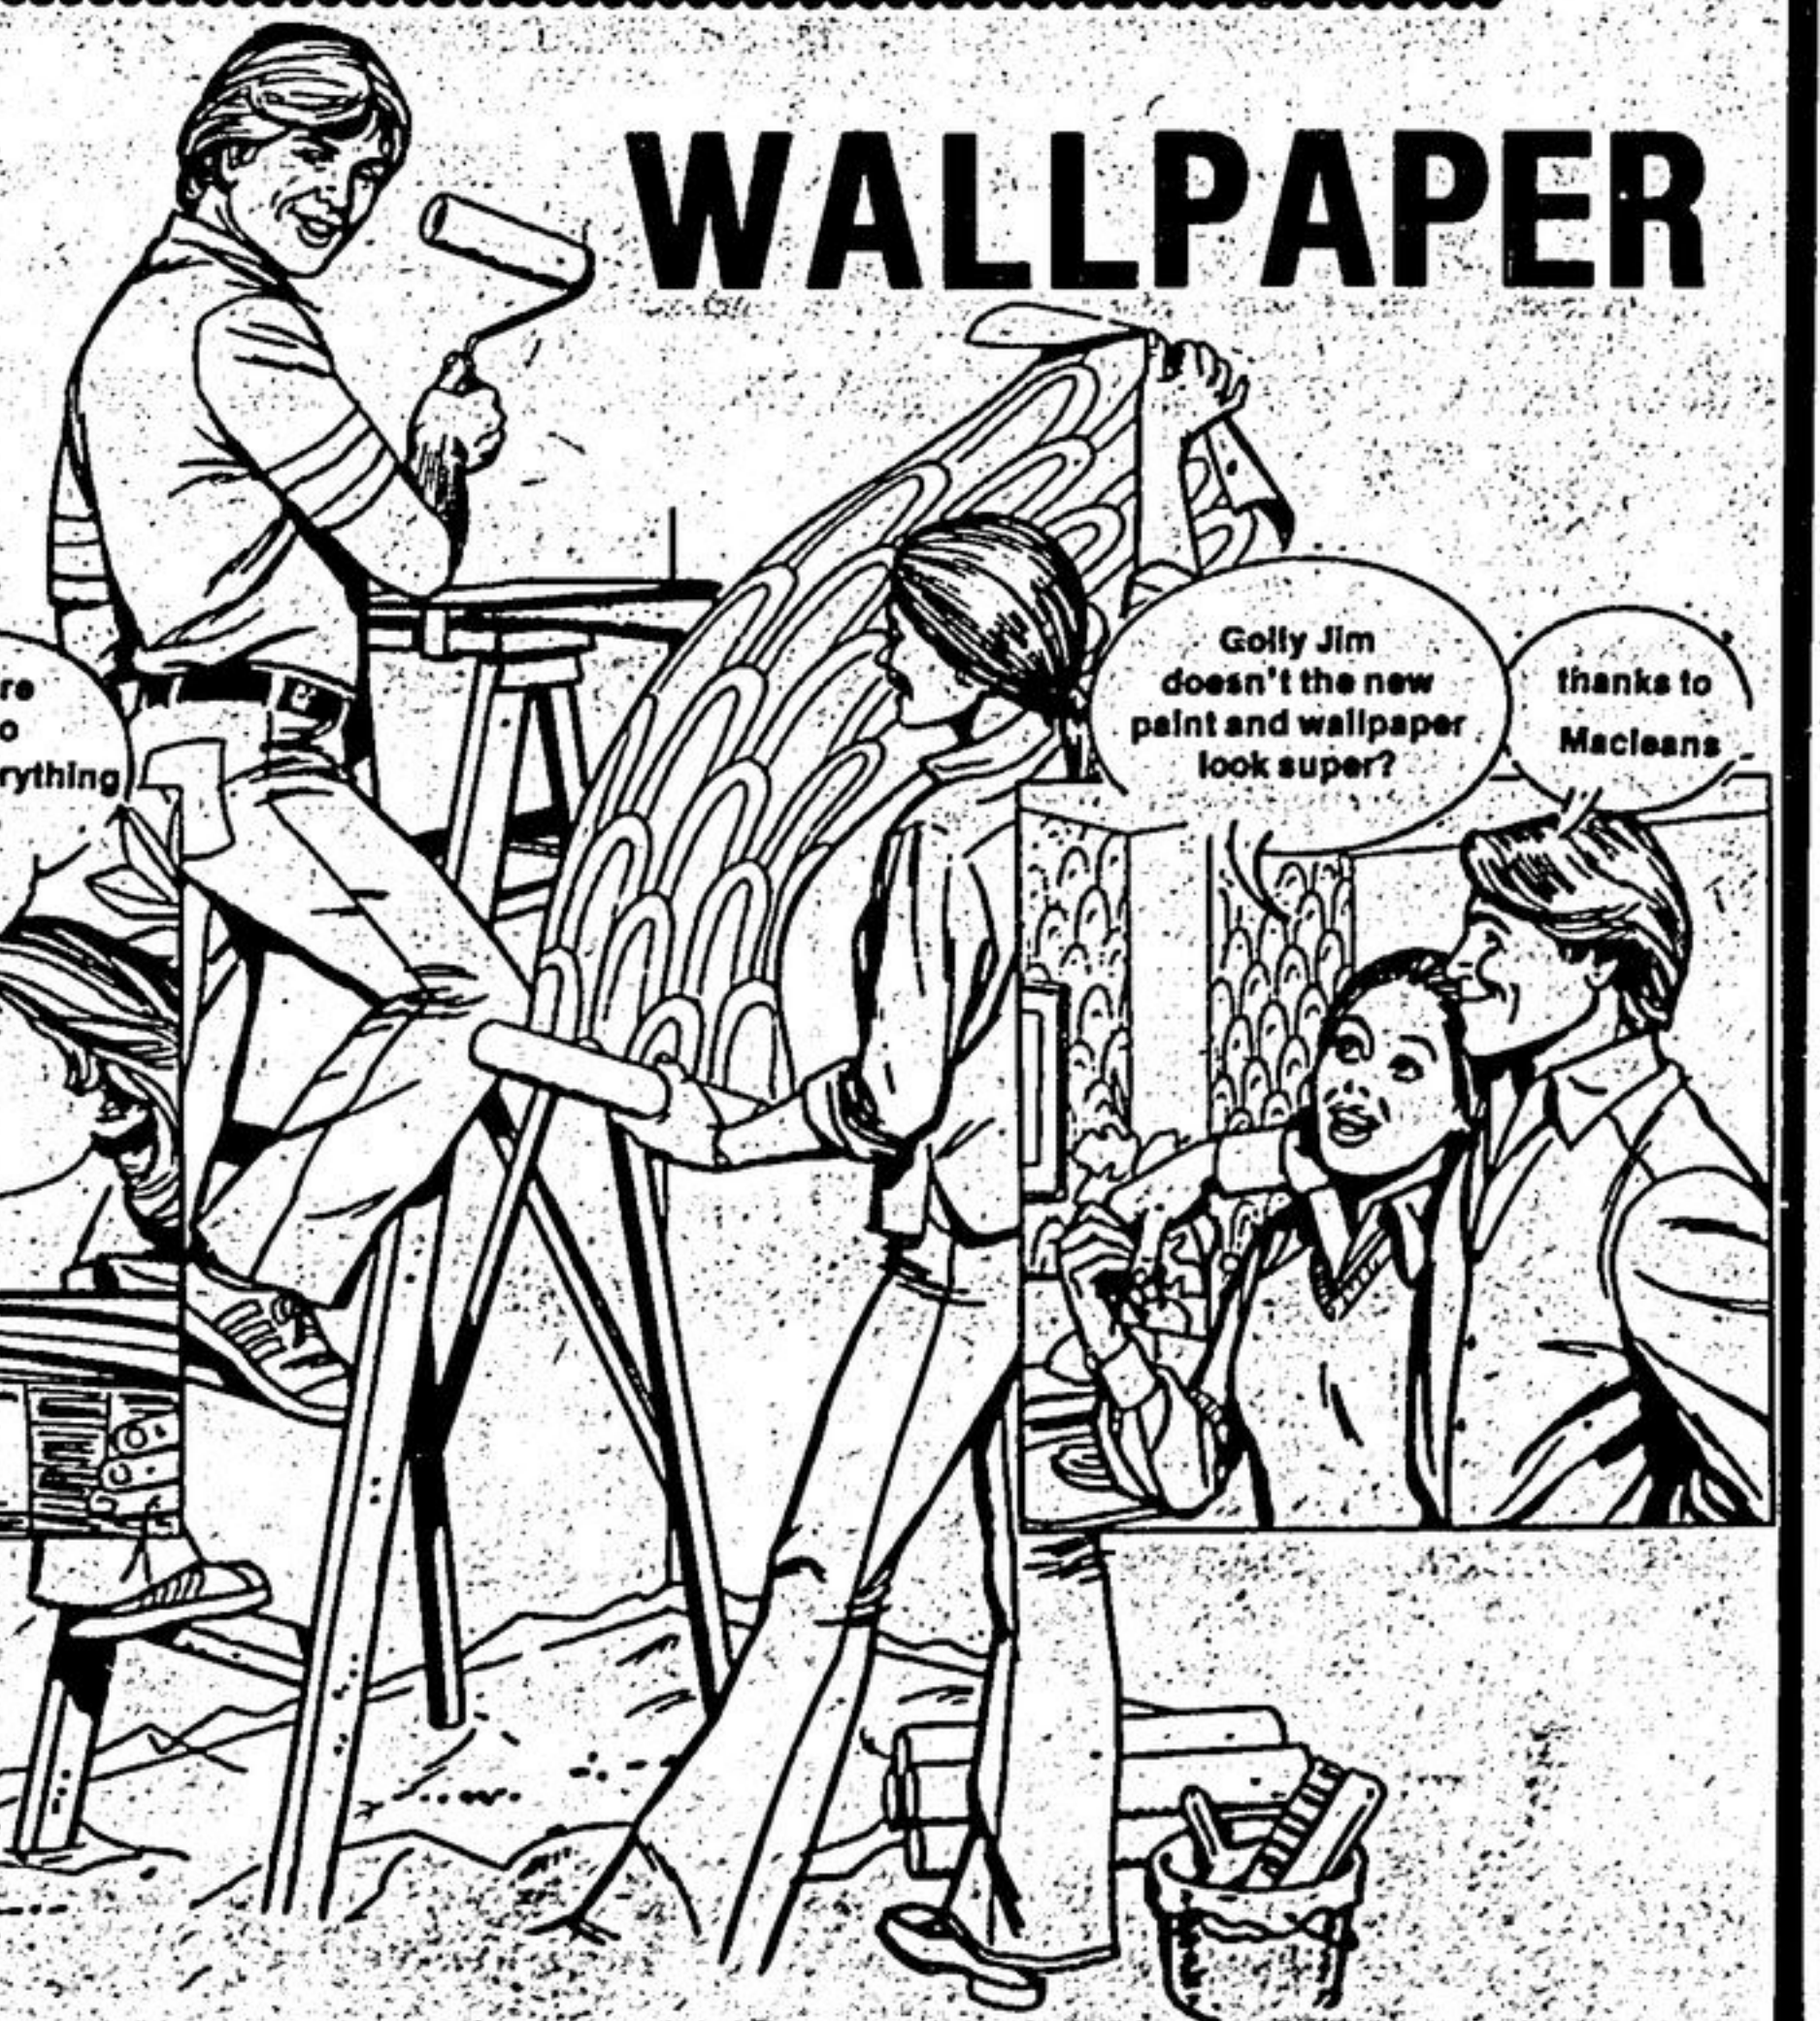

Look Macleans is having a sale. We could fix this room today!

They're sure to have everything we need.

Golly Jim doesn't the new paint and wallpaper look super?

thanks to Macleans

At Macleans you'll find everything you need to cure your "cabin fever." Now's the time to freshen up your dull decor - paint, wallpaper and all the tools to get the job done are on sale now!
