

HALF-PRICE AT EATON'S INTERNATIONAL STERLING!

Now you can add the gleam of sterling silver to your table setting . . . at a fraction of the usual cost! 5-pce. place settings just half-price! That's a knockout value!

If you're just starting out, a long-time collector, looking for a wedding or anniversary gift — here's the buy of the season! 4 popular patterns of International Sterling silver at half-price. That's a spectacular saving. After all, there's nothing quite like sterling silver. Read on. You'll see what we mean.

Why sterling silver?

Sterling silver is a precious metal made up of 92.5% pure silver and 7.5% copper. The copper is added to give your silverware greater hardness and durability. So sturdy in fact, that it should last a lifetime!

No need to baby sterling.

It actually improves with everyday use. Can be washed in hot soapy water. Don't worry about tiny scratches. In silver circles they're considered a plus because they give your sterling a rich patina!

We buy ahead to bring you knockout values!

Our buyer is constantly searching the market for the best value for your dollar. And when he sees a good buy, he moves fast, sometimes putting in an order months and months ahead. That's why our silver buyer contacted International Sterling way back in March this year. He's dealt with them for many years. And he knows the excellence of their sterling silver. So you can be sure of the beauty and quality of every place-setting you buy. As you can see, there's more to a knockout value than the exceptional price!
