The Glide-Air P-Metric Radial

Size P165/75R-13 **3463**
After discount for cash*

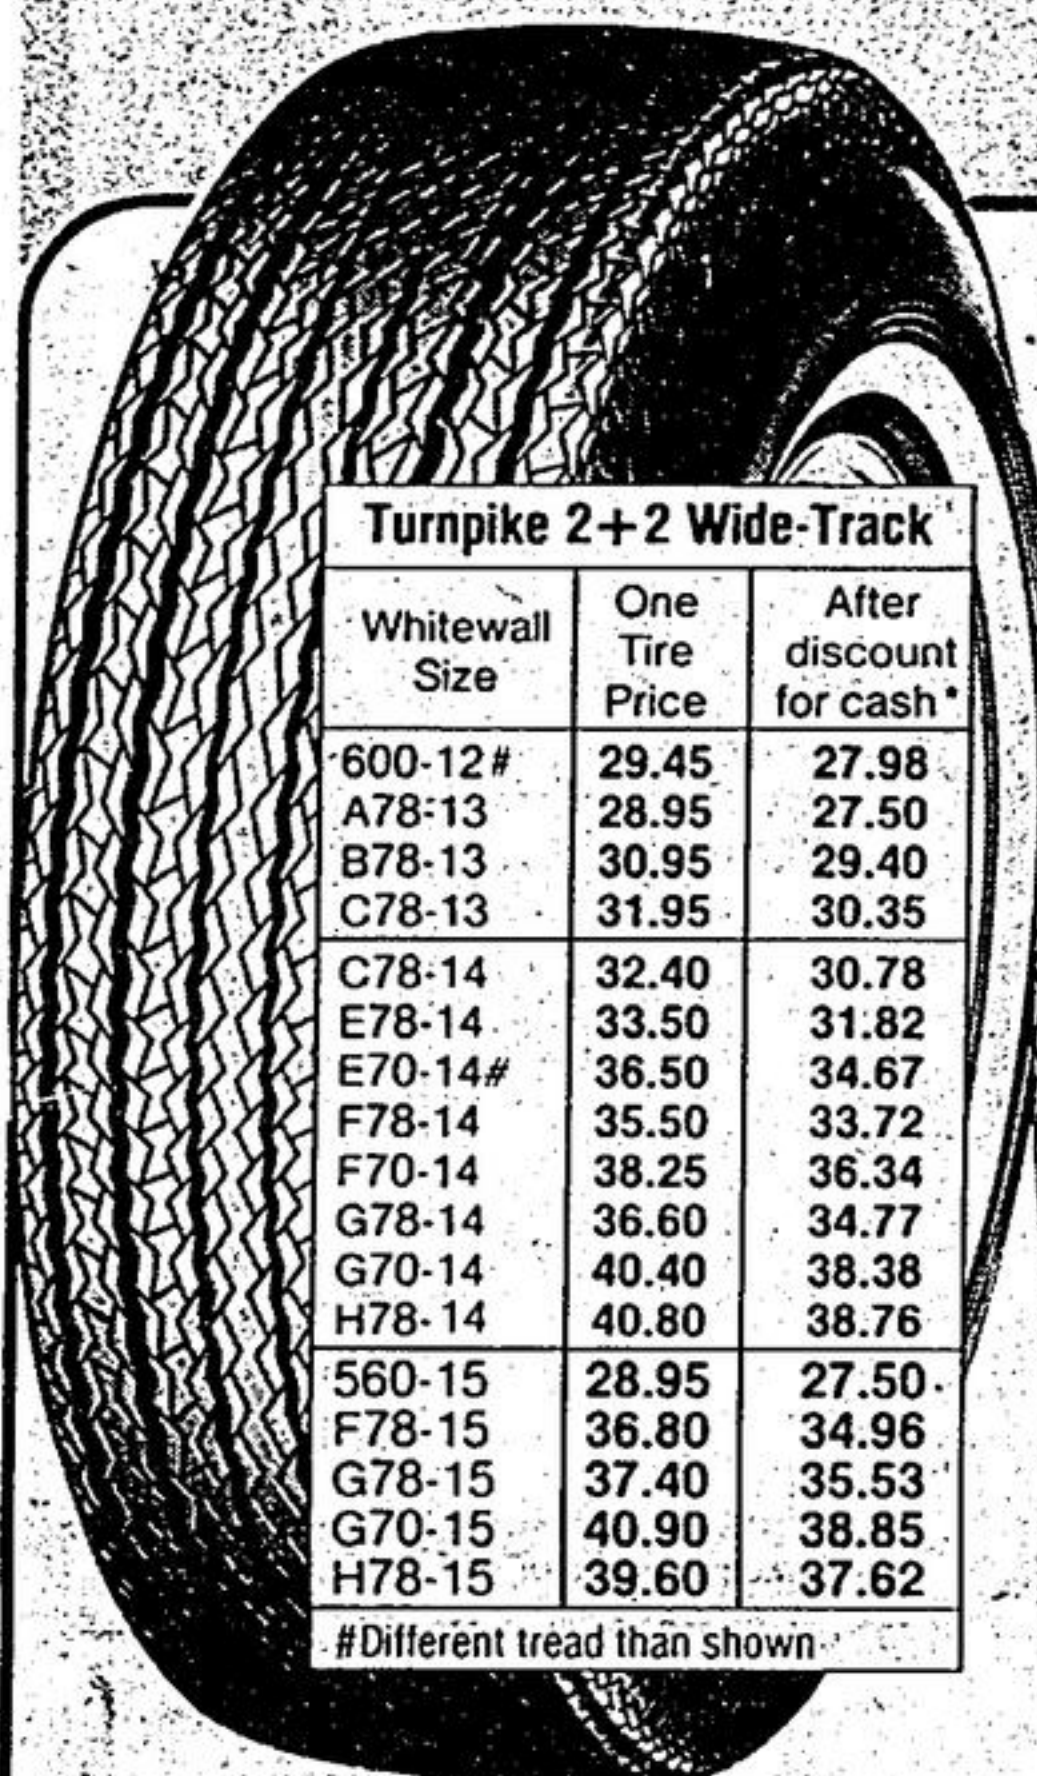

This super radial, with new metric sizing, meets the requirements of the late-model, energy-conserving cars, including full-size domestics and most imports. You get complete radial performance — long mileage, great traction and improved steering — plus a more comfortable ride because of a Polyester casing encircled by light-weight Glass belts that add stability. 32,000-Mile (51,488 km) Performance Rated
