SAVE ENERGY IN A NEW CANNING TRUCK!!!

Looking towards the near future and an energy conscious Canada, we at Canning have ordered all our new truck inventory (from the heaviest trucks on down) to be specifically engineered for maximum fuel efficiency. Whether you use your truck for play or work don't have it use more gas than it has to. If you're thinking of getting a new more fuel efficient vehicle, call us — we take trades and we probably have your new truck in our yard today.
