**The Supreme Steel-Belted Mud & Snow Radial**

If you want outstanding traction, then this is the tire for you — up to 80% more grip than a summer radial! And it's the ideal match-up for radials on late-model cars. 2 Steel belts provide extra mileage and control; a Nylon cap ply increases safety; Polyester casing delivers smooth ride.

- 2 Steel belts for stability
- Nylon Cap Ply for reinforcement
- Self-cleaning lugs resist clog-up
- Specially-compounded winter tread

 **CANADIAN TIRE 63**
