

Ford dealership in town

STOUFFVILLE — Is there a Ford in your future?

Robert (Bob) Franks hopes so. A dealership, to be known as North-East Ford Mercury Sales, will be located on the south-west corner of the Ninth Line and Main Street. An official opening is planned for a date in December.

Bob feels he knows the Stouffville area well, having lived for a time at Markham before moving to Nobleton. Next summer, when the school term ends, he and wife Jacquie along with sons Dale, 11; David, 10 and Paul, six will take up residence here.

The boys can hardly wait, Bob says. They're anxious to get into hockey here and participate in the Pee-wee, Atom and Novice divisions.

At present, major alterations are underway with all the work being done by local contractors. The Centre will include six service bays.

The franchise will embrace a complete
