Editor's Mail

Negative

Dear Editor: I ask you, is our Council in favor of anything? Since my coming to Town, I've never seen a group of politicians so negative in their thinking. It's got to the point where most applications are rejected before they're presented.

I could list at least a dozen submissions that have gone down the drain because members apply the rule of law to each rather use a little common sense and consider each on its own merits.

Regulations aren't made to be broken, true, but they can be bent a little from time to time. This is a sign of good planning when planners are willing to yield. Otherwise, we're being governed by a book instead of a board. The same goes for Council who, as I understand it, are one in the same.

I ask you, what positive projects have been approved in 1979? I personally can't think of any unless, of course, the proposed planting of \$10,000 worth of trees on Main Street (next year), is one.

In my humble opinion, the Town is being run like a board of stewards would run a church and as a contributor within the "congregation", I protest.

Gordon C. Anderson, R. R. 2, Stouffville.
