Stouffville Trojans Rugby defeat

By JIM HOLT
STOUFFVILLE — Owing to the poor state of their home field at S.D.S.S., Stouffville's new rugby team, the Trojans, were forced to play their first game of the season at Leaside Park, Toronto, on Saturday afternoon. Although they lost 22-16 against the Saracens, the score did not give a true picture of how strong the home side really is. The Saracens crossed the Trojan line only once during the game, for four points, whereas the Trojans gave up no less than 18 points in penalties and still downed the ball in the Saracens' end for four touchdowns; one was disallowed.

In the scrum the Trojans were impressive, with plenty of power from John Turner, David Rea, Larry Holt, Tom Lehman, Mike Salb, Joe Palmer, Ross Dube and Ralph Salb. With a total weight between them of nearly 1600 lbs it was not surprising that they pushed the Saracens off the ball over 70 per cent of the time. The Trojans took some time to settle down but eventually did get their three-quarter line moving. Russ Davidson was first over the Saracens' line with team captain Glen Gibson converting easily. Lloyd Johnstone dazzled the opposition and delighted the spectators with two magnificent runs down the field for touchdowns. David Rea converted one. The teams' natural nervousness at playing their first game of the season was understandable. Had they not made so many minor mistakes early in the game and given the Saracens those valuable sixteen points in penalties it would have been a runaway victory. Tom Miller, playing stand-off, made a few bad passes but settled down after awhile. He was under extreme pressure most of the time but came out of it well. Angelo Monopoli played a very safe game in back and was seldom caught out of position. Russ Davidson and Tony Arrigo played well in the line while Dave Middleton found himself defending the 'weak-side', the toughest position on the field. Despite their loss, the Trojans were the much stronger team. They can congratulate themselves on their performance against the Saracens, who have had a number of years experience in the Toronto league.

trophy for the Hunter Hack, Working Hunter and Green Jumper classes. These trophies will be sponsored by Queens Gait Farm. Championship ribbons for each show are being presented by Positive Outlook Farms, Clarendon. Schooling will be allowed before the shows start, and as is customary at Normal Acres, refreshments are available from the snack bar.
