

Bill Hart recently purchased this Princess Vanden Plas Florida. This car was originally built for the Royal Family. Ed Schroeter

# Limousine carried famous passengers

By ED SCHROETER  
STOUFFVILLE — Mr. Hart owns a fleet of about six limousines, one of them used by Henry Kissinger, in which he chauffeurs television personalities, such as Dinah Shore and Dick Cavett, business executives, and even the odd Libyan monarch. Mr. Hart says the car will probably enjoy a long and healthy life, because its former owners took such good care of it. The car, a righthand drive model, has only 57,000 miles on it, despite its age.

He says it was only driven on royal occasions. The last was a trip by Prince Charles to the Isle of Wight.

The six cylinder car comes complete with three batteries, self-jacking tires, and wooden door panels.

Most of the car is made of aluminum, so it won't rust.

"I hope I never have to test the jacks," Mr. Hart said.

## A falcon on wrist ...

NEWMARKET — A Sunday Star nature columnist charged with theft and possession of two falcons, heard the charges against him withdrawn in Newmarket provincial court last week.

Barry Kent MacKay sat in the foyer of the courthouse last week awaiting trial with a falcon perched on his wrist. The Unionville man caused quite a stir in the courthouse as people came to look at the unusual bird.

MacKay was charged with the theft of a lanner falcon in July 1979 and with a prairie falcon April 25, following complaints by John Slayter of African Lion Safari and by Russell McMurray, Bird Control Consultant Service.

The birds are in the care of a wild life refuge service, and ownership will be decided by a civil court.

MacKay said he found one bird entangled in a tree near Maple in a very weak condition, the other he claims was turned over to him after it was found in Toronto by Humane Society officials.

car's much too valuable to his business, to sell. Although he's only had it three weeks, and hasn't advertised its availability, he's already had bookings for weddings and trips.

"It attracts attention at every traffic light. I expect this car will earn its way."

This time, however, he's outdone himself.

Bill, who's driven 1,600 miles with Nancy, and children Lisa and Lynn, to visit his son Barry, his wife Lynn, and their children, Robert and Jenny, Second St., is the proud owner of a 1967 Princess Vanden Plas.

The car was custom built for Queen Elizabeth II and the Royal Family. There's not another one like it in the world.

"You can still see the crown on the side of the car," he said. Mr. Hart even has the registration to validate its "pedigree."

With its English plates still on, Mr. Hart's only had it for three weeks. He obtained it through a friend who's a Rolls Royce dealer.

"I've seen the car on television in the news. I never thought I'd own it."

"I feel because of the uniqueness of the car, I can get \$100,000 for it."

But at this point, the

## Cold turkey

When an officer went to check out Meadowbrook Golf and Country Club property early Saturday morning, he found the premises had been entered.

A further search led to a freezer, where an Oak Ridges man was 'keeping cool.'

Jed Alistair Matthews, 26, of Oak Ridges was charged with attempted break, enter and theft. He is also charged with breaking into the premises April 18.

## Charged in park

STOUFFVILLE — Liquor offences were the order of the day in Stouffville Park and area, last week.

Charged with consuming liquor at Stouffville Park was Robert Bell, 35, of Park Drive, while Gordon D. Barker, 19, of Concession 9, was charged with having liquor.

Kenneth S. McGinty, 24, of Ringwood, was charged with consuming liquor in a place other than a dwelling, and Edward Barnard, 22, of Agincourt, was arrested on Fairview Ave., and lodged in jail until sober.

He was also charged with impaired driving, refusing to give a blood sample, and having liquor in a place other than a licensed premise.

Herbert K. Snider, 19, of Concession 4, Stouffville, faces a charge of having liquor on Holland Landing Rd.

# SUMMER SALE

## PRICES LOWER THAN LAST YEAR:

Most prices listed below are lower than last year's regular prices as a result of either special promotions and/or discounts offered by the manufacturers, or our own ordinary end of season clearances. But because of the general slower economy this year most manufacturers' suggested list prices effectively were not increased this season.

When the current inventories are depleted, high interest costs plus two years inflation will no doubt be built into new fall/winter prices. U.S. inflation currently is running at 14%. Any stock we sell now we can replace at these "lower" prices. Please consider carefully what equipment you may need for next season as certainly these sale prices are...

### much lower than next year!
