STOUFFVILLE — The Whitchurch Stouffville Major Atom soccer team recently spent eight days in Lewisville, Texas on an invitation from the Atletico soccer team, by way of reciprocation for the hospitality received when the Stouffville club hosted them in the Robby tournament and in joining our Canada Day celebrations in Stouffville on July 1, this year.

The 13 boys, Coach, Assistant Coach and Manager, together with five mothers, left Toronto International Airport on August 26, and returned on September 3.

Assisted by the tremendous warmth of the Texan hospitality the boys quickly became acclimatized to the heat, and won their first game

6-0 on their day of arrival. The second day saw rain - the first for sixty days, which did little more than lay the dust. The day was spent in early morning practice, afternoon swims in pools of 95 degrees temperatures and a showing of the movie 'Superman.'

Saturday began the local tournament, around which the visit was centred, with a convincing 3-0 win to the Canadians. The evening was another high point for the boys with a visit to the local rodeo where the team was introduced over the public address system and were allowed to chase calves around the arena.

The second day of the tournament began with a video playback of the previous day's game, however, despite this analytical approach and a very determined effort by the under eights in a temperature of over 100 degrees, they were beaten out of the final 6-0 by the team who went on to win the tournament. Compensation was received by a visit to the Dallas Stadium to watch the Dallas Tornados defeat the Minnesota Kicks, along with free coke and popcorn.

Labour Day saw the Canadians hosted at a Texas style barbecue on a 30 acre property with the temperatures remaining at three figures.

The day of departure was the time for last dips in those super pools minute shopping, final, and farewells.
