An opportunity to help  
your community, your family  
and yourself.

Your contribution to the United Way of York Region is one of the best ways to make sure that your community continues to be a good place to live for you and your family.

The United Way has agencies and programs covering everything from the Red Cross to Big Sisters. Last year, 38,500 people—one out of six residents of York—were helped by a United Way agency. You, a relative or friend may need help one day and a United Way agency will be there.

### Reach higher, dig deeper.

In 1980 we're reaching higher. To keep pace with people's needs as well as York

Region's growth and inflation, United Way agencies need \$460,000 this year. So we hope you'll dig a little deeper to help out.

### Your contribution counts!

Your contribution to the United Way helps each one of the 19 agencies provide essential services. It helps the Red Cross supply blood, mentally retarded adults become productive citizens, provide homeless women and their children with temporary shelter and day care services for working mothers.

### A new way to help.

This year, the United Way is canvassing York Region households with a special mailing. Returning a portion of this mailing with

your donation is a simple way to make your contribution.

If you've received your request, don't delay, send in your contribution. If you

haven't, make a point to return it with your donation as soon as possible. It counts, for your community, your family and you.

United Way  
of York Region
