Speed up traffic

STOUFFVILLE — Whitchurch - Stouffville may be considered a slow growth area, but an attempt to see it proceed a little faster in another direction, was made by Councillor Bill Kamps at

a recent meeting of planning board. Kamps suggested that council ask the Minister of Highways to investigate the possibility of installing a delay signal, or flashing green

signal for traffic turning south off Highway 47 at Ringwood onto Highway 48. Weekends are especially bad, said Kamps. Delays are sometimes so long,

motorists eventually tire of waiting and run the red light. He said a new signal would speed up traffic and cut down on accidents. His motion was approved.
