Married in Claremont

Reside in Scarborough

CLAREMONT — Claremont United Church was the scene of a lovely wedding, Friday evening, August 8 when Deanne Louise Petts, daughter of William Petts and the late Wilda Petts of Bay Ridges, became the bride of Ronald Clarence Hodgson, youngest son of Mr. and Mrs. Russell Hodgson, Claremont.

Given in marriage by her father, the bride wore her mother's gown of white satin brocade. A matching train fell from the shoulders and her fingertip veil was held in place by a band of white silk roses. She carried a bridal bouquet of red and white roses.

The bride's attendants were Terri

Petts, her sister and Caryn Hurst, her maid of honor. They wore beautiful floor-length gowns of soft pink and floral jackets. They carried bouquets of daisies.

The groom was attired in a light grey and charcoal tuxedo with a red carnation boutonniere. His best man was Brian Townner of Claremont. The ushers were Douglas and Gordon Hodgson, brothers of the groom. They wore light grey tuxedo jackets and charcoal trousers with red carnation boutonnieres. Following a honeymoon spent in eastern Ontario and Quebec City, the happy couple has taken up residence in Scarborough.

Bill Hodgson explains

Rabies vaccine bait

YORK NORTH — Over the last few weeks local papers have been following the story of the ninety school-children in Lefroy who contracted rabies from a kitten. The story has served to highlight the increased incidence of rabies in Ontario.

Rabies originates in the Arctic and was introduced into our part Canada by migrating foxes. In recent years this migration has resulted in an increased incidence of the disease in our Province. Outbreaks of rabies occur more frequently in Ontario than in any other Province or U.S. State.

This year the Ontario Ministry of Natural Resources established a \$2.6 million program to perfect a safe, effective rabies vaccine capable of being distributed to animals in the wild. Funded by lottery revenue, this program involves Ministry experts as well as scientists from universities and industry.

It is planned to distribute vaccine through drugged bait. Vaccine is injected into the bait, or present in a capsule form, and is left in the wild. Both the bait and the vaccine is then consumed by passing animals.

Local hunters and trappers are assisting the program by turning over captured foxes and skunks to the rabies unit of the Ministry's wildlife research station at Maple. The results of the trials have shown that 74 per cent of the foxes and 56 per cent of the skunks

brought in has taken the bait. Rabies is a dangerous and debilitating disease that can strike in both rural and urban areas. Wherever animals can wander, rabies has a chance of breaking out. If successful, the Ontario Ministry of Natural

Resources drugged bait program will result in a significant reduction of the incidence of rabies in our Province. A new vaccine is still in the laboratory stages but should be ready to be tested in bait some time in 1981.

Welcome newcomers

Town boards

STOUFFVILLE — Rather than roll out the welcome mat to former council members to serve on 1981 committees, Mayor Eldred King says he's more anxious to include others on such boards.

"There are new people out there," he told The Tribune, "we can't ignore them. By excluding ex-councillors, one shouldn't conclude they hadn't done a good job, the mayor continued. He pointed out, however, that others should be afforded such opportunities.

Committees within Council were approved at the inaugural meeting,

Tuesday night. The first named will serve as chairman. Planning - Jim Sanders and all other members; Finance - Wilf Morley, Jim Sanders, Charles Warden; Roads, Sewers and Water - Jim

Rae, Bill Kamps, Tom Wood; Bylaws - Charles Warden, Wilf Morley, Bill Kamps; Fire and Property - Tom Wood, Jim Rae, Jim Sanders; Personnel and Administration - Bill Kamps, Charles Warden.

Plates stolen

STOUFFVILLE — What is lower than stealing money from offering plates in church? Why, stealing the plates themselves. Sometime between

STOUFFVILLE — Even before he enrolled in Northwest Institute at Midland, Michigan, Bill Giles of William Street, Stouffville had a deep-down desire to involve himself in the Big Brother movement.

Last year, he saw that wish fulfilled. He participated in an orientation program and

was assigned a Little Brother in the fall of '79. Nine year old Kevin Junge accompanied his "big brother" back to Stouffville last weekend and enjoyed an American Thanksgiving "Canadian style" at the home of Bill's parents, Mr. and Mrs. Ross Giles.

Bill and Kevin do many things together like

camping, hiking, cycling, roller-skating and bowling. On one occasion, they went for a plane ride over the city. Midland has a population of about 38,000.

"It's a question of who entertains who the most," said Bill, in an interview with The Tribune.

Although a first time

in Canada, everything wasn't new to him here. Kevin has been introduced to hockey and even owns a Toronto Maple Leaf sweater.

While attending college, Bill and Kevin try and arrange something every weekend. In the summer, when Bill's back in Stouffville, Kevin plays in a softball league, organized by the Big Brothers. The good-looking, blond-haired lad is a Fourth Grade student at Longview Public School, Midland, Michigan.

"For what little time it takes, the program's very worthwhile," Bill said. He's so supportive of the organization, he earned his "little brother" a new 10-speed bicycle for signing up more "big brothers" than any member.

While in Stouffville last weekend, Bill treated Kevin to a tour of the Science Centre at a trip "to the top of Toronto" via the CN Tower. During the holidays, they keep in touch by mail.
