

Semi-final comes down to wire

Midgets in final

STOUFFVILLE — After their 8-0 win over Huntsville on Wednesday March 18, the Beckers Milk Midgets looked set to tie it all up on Saturday when they played away from home Ice. Unfortunately, Huntsville had different ideas and tied the seven game series 3-3 with a 3-2 win.

Sunday's final game was a no-contest affair for the home team. Huntsville never looked like being in the picture as far as a final playoff spot was concerned; in fact they scored only one goal in this crucial game. Glen Lewis (from Bryan Todd and Mark Murphy) paced the Beckers boys with a goal halfway through the first period, with no reply from the visitors.

Mehaffey, as usual, was everywhere, and made it 2-1 on assists from Gary Teggart and Barry Smith, while goal number three was set up with some brilliant skating on the part of Barry Greenshields.

Greenshields was in luck when, with only three minutes left to play he found himself in front of an empty net. Mehaffey and Dale Leger put in some heavy work in the corner to free the puck and put it on his stick to make it 6-1.

The final game was something of an anticlimax for the home crowd, who have been served-up with some exciting hockey in this seven-game, semi-final series. Huntsville later admitted that the Stouffville defence was impossible to penetrate, also, they were never at any time allowed to finish their play when they got into the Stouffville half.

The final series for the championship will be held against Shoreline, near Windsor.

Coaching for all

By Alfons Rabbe
STOUFFVILLE — A series of discussions on the theory of coaching will be held in Stouffville starting Monday, April 13.

The four-week course is being held at the public library and will be directed by Terry Redvers. The level 1 theory coaching course is being offered by the Ministry of Culture and Recreation, in co-operation with the Whitchurch - Stouffville Soccer club and will be held from 7:00 p.m. to 10:30 p.m. at a cost of \$10 per person. Course dates are: April 13, 21, 27 and May 5.

Topics to be discussed are; the role of the coach, sports psychology, sports safety, and the workings of the body. This is a most interesting and important course and a must for anyone who wishes to improve his coaching skills, also, for full certification a coach needs to attend a level one theoretical course.

The course is open to any coach at any level, regardless of his sporting organization; most organizations are trying to make the course mandatory for all coaches.

I hope that this opportunity will be grasped by coaches in minor hockey, softball, slowpitch, also those already at a senior level. In fact, anyone who coaches at all should attend.

Parents of athletes may also attend and those interested can register in advance by calling me at 888-1711, or Stouffville Hobbycraft and Toy Centre 640-5123.
