

Home of the Handyman

cont'd from page 5

The 9" fan will oscillate a distance of 60°. The 12" and 16" fans will oscillate 90°. All fans have a vertical adjustment of 20° up and 10° to 20° down. The 9" fan weighs 14 lbs and the 16" fan weighs 19 lbs.

Each fan comes with Electro-home's reliable one year service warranty.

Cuprinol

Not just another wood stain.

If it's worth staining, it's worth preserving.

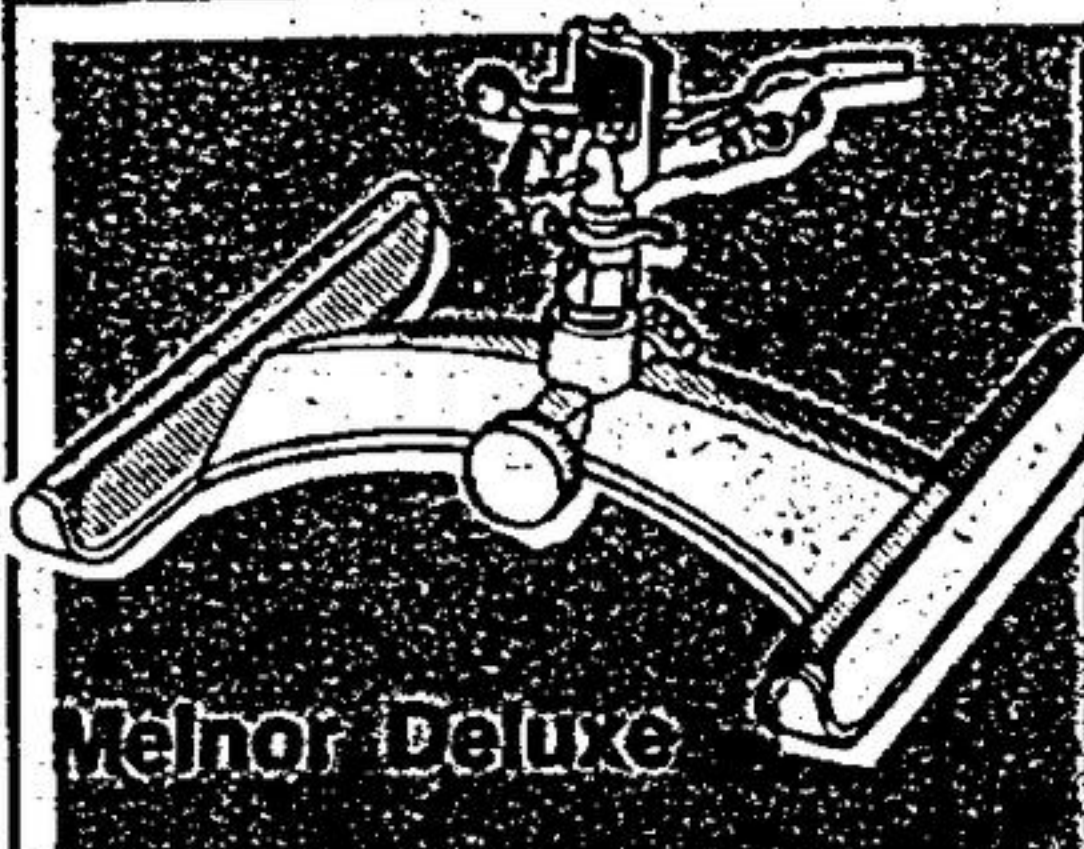

Any stain can protect wood. Cuprinol Transcolor does a lot more. It preserves wood. Transcolor is a lot more than just another pretty face. It not only protects the surface of the wood, but it also penetrates deeply to protect wood from harmful deterioration.

Protection.

Transcolor's long lasting resins protect wood against rain, snow, ice and all the
