## Lacklustre win

**STOUFFVILLE** - The A & S Construction Clippers chalked up their fourth consecutive win when they downed Little Britain 10-6 on Saturday evening, bringing them within one point of fourth place in the junior 'C' hockey division.

The Clippers took control in the first period with a five goal blast, but seemed to tire quickly thereafter. They certainly lacked the sparkle and energy of their previous games against Uxbridge and Bowmanville.

Kevin McGuckin and Twinney, for a comfortable 5-2 lead at the buzzer.

Their runaway lead must have given the Clippers a false sense of security. From there on in they allowed their visitors to take the initiative.

With a change of goalie in the Merchants net plus two power play goals the visitors matched their hosts 3-3 in the second period.

Waite, Kernohan and Al Weddell scored for the Clippers, but they lost Raymer and Gierkink with injuries and Jamie Bell earned himself a game suspension.

The Merchants opened the final frame with a goal 3 minutes into play and they

continued to harass the Clippers net for most of the period.

Keith McGuckin got his second goal with only two minutes to play and Twinney came right down to the line with his second goal at the eleven second mark.

The Clippers broke their winning streak on Sunday evening.

With Rugelis, Twinney, Waite, Boyer

and Bartley missing, they went down 5-3 at Lakefield.

The Clipper schedule follows: Friday Jan. 1 At Home to Uxbridge at 1:00 pm. Saturday Jan. 2 Home to Lakefield at 7:30. Monday Jan. 4 Away at Cobourg at 8:00 pm.

There will be no Clipper game this Saturday, Jan 26.

## Right position

**STOUFFVILLE** - Attack proved the best method of defence for Teresa Ewing of the girls' hockey league, when Credit Union met the I.G.A. on Sunday evening.

Teresa, who has always played defence

for the Union team, switched to the front line on Sunday evening and tallied three of the Unions six goal tally; beating I.G.A. 6-2.

Could it be she has been playing in the wrong position all these years?
