

"Girl Next Door"

Loves being with children

By Greg Coates
STOUFFVILLE —
"I'm always getting in trouble for talking in class," says sixteen year old Karen Harris, who describes herself as outgoing and very talkative.

Karen is a Grade 11 student at Stouffville District Secondary School and is this week's "Girl Next Door."

With English being her favourite subject, Karen said she really enjoys public speaking. Last March, in a Lions Club competition, she came in first in the senior category.

Karen, who lives with her parents and brother, Ian, on Main Street, says she would like to become a registered nurse once she has completed Grade 13. She would especially like to work on the pediatric floor.

"I've always liked helping people, especially little children," said Karen.

Having always lived in Stouffville, Karen says she likes it because it's small, but also likes Toronto, because it's big.

"I'd rather live here in Stouffville though," said Karen, "because it's quiet and not polluted. It's also close to Toronto."

Between school and working part-time at Houston Pharmacy, in Stouffville, Karen said that she doesn't get very much free time. When she does, she enjoys watching hockey, especially when the Juvenile's are playing because her boyfriend, Larry Fockler, is on the team.

Another interest is travelling. Karen has already been on a boat cruise to Bermuda, to Florida by car and has flown to B.C. She now dreams of one day going to Hawaii.
