

# 1982 AUTO SHOW LARGER AND MORE EXCITING THAN EVER!

Welcome to the 9th annual Toronto International Auto Show, brought to you by the 236 members of the Toronto Automobile Dealers' Association. We have 50 exhibitors, showing over 500 cars from 30 manufacturers and distributors in 10 countries, all displayed on a quarter million square feet of carpeting, at the magnificent Toronto International Centre.

This past year has been one of economic uncertainty across the entire North American continent, and, indeed, in most countries of the world. Here at the Auto Show we present to you products of the world's greatest auto engineers and designers, for your every-day thoughts and desires in your world of personal transportation.

Whether your interests or desires are in fuel efficient compacts, sporty imports or truly luxurious touring sedans, you will find them here at the show.

We, the members of Toronto Automobile Dealers' Association, are truly excited and proud of our show, and we hope it will help rekindle that loving feeling as you view products at one of the "world's greatest Auto Shows".
