In attendance on this happy occasion were Catherine McArthur, R.R. 2, Markham; Doris and Collin Williams, R.R. 3, Stouffville; Ronald and Barbara Hilts, Norwood; Russell and Carrie Hilts, Scarborough; and Donna and Bert Beckett, R.R. 2, Markham. Unable

# Why are these people on Canada's most wanted list?

There are jobs in Canada that cannot be filled because of a shortage of skilled people. Technology is moving faster than some industries. And if Canada is to remain competitive in international markets we must meet the employment challenges we face now.

Our hope is in informing young Canadians about the opportunities in the fields of skilled trades and the new technologies.

At Employment and Immigration we have helped hundreds of thousands of young people discover options they never knew they had.

Federal government programs help train them so they can take advantage of those options. By special funding to institutions and colleges, Canadians get classroom education in priority subjects. And virtually all of the apprentices training in regulated programs are supported by some form of federal government assistance.

That helps people find the right job, and industry find the right people. And that helps Canada work.
