

To hold ecology forum

The Human Ecology Foundation of Goodwood is holding an open forum on the treatment of environmental illness.

The location is Precious Blood Church Hall, south side of Lawrence Avenue, east of Victoria Park.

The date is Tues., March 30; the time, 7:30 p.m.

Topic to be discussed include: Management of Allergic Children (Wanda Wilson, Specialist in Child Development); Nutrition and Health (Dr. Peter Newberry, Specialist in Nutrition); The Rotation Diet and Food Allergy (Dr. Josef Krop, Clinical Ecologist) and Formaldehyde and the Indoor Environment (Bruce Small, Environmental Engineer).

No smoking will be allowed, also persons planning to attend should refrain from using perfumes or aftershave. The meeting room will contain no carpet.

The sap's on tap at Bruce's Mill Conservation Area

It's maple syrup time at Bruce's Mill Conservation Area. The season's in full swing daily from 10 a.m. to 4 p.m. until April 12. Both the modern and old-fashioned methods are used in gathering the sap. Seven year old Michael Clynh,

Ninth Line North, Stouffville, samples the raw product straight from a pail. He later agreed that the bottled variety tasted better. Pancakes and syrup, maple butter and candy are on sale at reasonable prices. — Jim Thomas

Why are these women such a valuable Canadian resource?

Canada is rich in resources. But our most precious resource is our skilled workers.

Right now, there are jobs in Canada which can't be filled because we're short of people with the right skills in the trades and new technologies. More and more, finding the right person for a job means finding the man or woman with the right training.

At Employment and Immigration we're creating a new National Training Program to assist in on-the-job and classroom training in the skills Canadian industry needs now, and

in the future. Part of our program provides training for women in non-traditional jobs.

The rewards are great because training in priority skills is a key to job security in the 1980's. And more women are entering the trades each year. Last year over 22,000 women took part in on-the-job training. Thousands more benefitted from training in the technologies and other career areas.

That's an investment in Canada's skilled work force. It's an investment in Canadian

industry. And it's an investment that helps Canada work.
