# Slim and trim

Marian Dissette, Bethesda Road, R.R. 4, Stouffville, is the 1982 TOPS queen at Markham. She was honored at a ceremony in Participation House and will represent the chapter at a Provincial Recognition Day in Toronto next month. "I feel terrific," says Marian. "all it takes is determination." Jim Thomas

**WHITCHURCH** — "I feel terrific," commented Marian Dissette, Bethesda Road, R.R. 4, Stouffville. And she looks terrific too.

Twenty-three and a half pounds lighter, Mrs. Dissette is the 1982 TOPS queen at one of Markham's two organizations that meets every Wednesday at Participation House, Church Street and Ninth Line North. Monica Briggs of Claremont and Betty Mueller of Markham participated in the ceremony.

The runner-up was Reta Frederickson of Markham.

Marian recalls the fact that, at one time, she weighed 210 pounds. "I said to myself, this is ridiculous." She's now down to 172 which, spread over her six foot, statuesque frame is "just what the doctor ordered."

Describing herself as a "fooholic," she said it was necessary to change her eating habits and TOPS (Take Off Pounds Sensibly) provided the incentive. She also had excellent support from her husband and family, David, 22 and Joanna, 19.

In most cases, there's no excuse for obesity, Marian says. "All it takes is determination, one must make the effort."

Abounding with energy, Marian finds lots of room to exercise it on their lovely ten acre property where they've lived since May, 1980.

## Was pleased

Dear Jim: I was extremely pleased to open our April 7 Tribune and see the pre-Easter coverage for local churches in the area. With so many denominations arranging special services for a special time of year, it was indeed timely. Our town is a very

church oriented community, in fact I doubt if there's one quite like it anywhere in Ontario. I'm glad our paper recognizes this fact. It all helps to make Whitchurch-Stouffville a rather unique place in which to live. Sincerely, HELEN GILCHRIST, Stouffville, R.R. 3

# HOW TO SELECT A REPLACEMENT WINDOW

All replacement windows are not alike. The best value in replacement windows will combine convenient and economical installation, energy efficiency, and easy cleaning with no need to ever paint, all backed by a warranty.

The Woodoor R-800 replacement window meets the challenge.

**Ease-of-Installation**  
The Woodoor R-800 replacement window is designed to fit right into your existing window frame. No need to knock holes in your walls or make windows smaller. Each Woodoor R-800 is custom built to your sizes so they match your needs for your home.

**Energy Efficient**  
Most manufacturers offer double or triple glazing as features to their replacement windows. However, there's more to an energy-efficient window than the glass itself. Woodoor R-800's are constructed of non-conducting, rugged white vinyl that stays warm to the touch on even the coldest days. And to make our windows even more energy-efficient, each window is completely weatherstripped to seal out drafts and cold.

**Easy-to-Clean**  
Twice a year most Canadians get out their ladders to start cleaning their windows. With the Woodoor R-800 you can put your ladder away. Our windows can be cleaned from the safety and comfort of the inside of your home.

**Warranty**  
Woodoor R-800 replacement windows are guaranteed to be free of defects in material and workmanship and our insulating glass is also fully warranted.

**Never Needs Painting**  
Woodoor is a division of Dashwood Industries Limited of Central Ontario, Canada's largest window manufacturer supplying quality windows and doors to Canadian homes for 54 years.

## ONTARIO FARM ASSISTANCE PROGRAM EXPANDED

# You may now be eligible.

We've broadened the eligibility for the 1982 Farm Adjustment Assistance Program so we can help more farmers.

For farmers facing financial difficulties, the program offers financial assistance and financial management counselling.

- The total value of food or tobacco products produced on the farm in 1981 has been reduced to \$12,000.
- ASSISTANCE  
Farmers can take advantage of one, or more, of the following options:  
1. Deferral of interest by the lender on loan(s) for a period of six months backed by a Provincial guarantee. During this time, the lender will not compound the interest.  
2. An interest reduction grant on floating-rate loans and short term, fixed-rate loans for operating purposes only for up to 12 months. The maximum grant will be 5 percentage points. Loans may be reduced to a level as low as 12%.
