In spite of high interest rates and cool weather, this area's two main pool contractors, Betz Pools and Village Pools reported excellent sales years in the

summer of '81; and they're anticipating a repeat in '82 if not better.

The time spent driving to the cottage plus ever-increasing cost of fuel is prompting people to turn to recreation in their own backyards, Mike Jones of Village Pools told The

Tribune. The main drawback is high interest rates, he said.

Marvin Betz of Betz Pools said his company was busy on outside contracts right up to last December. The only problem as he saw it was the record rainfall last October. However, even that kind of inclement weather didn't

prevent orders from coming in from as far distant as Parry Sound, Haliburton and Cobourg.

Betz Pools' prices range from \$20,000 to \$25,000 and these units include a patio, landscaping and fencing. Village Pools are competitive with a low price of \$10,000.

Go for comfort and savings.

with a York Heat Pump

In winter, a York Heat Pump delivers warmth and comfort 24 hours a day. Come summer, it reverses to comfortably cool your home.

Replacing your present furnace, a York Champion Heat Pump can cut your heating costs over 50% if you now heat with oil or electricity... 25% or more. If you're a gas user, and if you convert from oil you could qualify for a Federal Government grant of \$800.

Or add a York MaxMizer Heat Pump to your present furnace and the savings will be close to those available with the Champion Heat Pump. And the government grant to all users still applies.

The basis of York's efficiency and reliability is the solid state
