Five hundred homes

Agreement issigned

STOUFFVILLE - Fifteen years of delays and discussions concluded Friday, with the signing of the 500-home Dulverton subdivision agreement by Mayor Eldred King.

The property, immediately north of the town's built-up area, extends from the Ninth Line through to Hwy. 47.

The document as prepared, remains in effect for two years following registration. Shouldthe company default, the municipality could claim ownership to the lands since it holds the first mortgage.

. While admitting such an arrangement is unusual for Whitchurch-Stouffville, Mayor King sees no risk involved: Dulverton already has a sizeable investment here, he explained, pointing to the fact the firm has contributed \$325,000 to the downtown re-channelization project and \$1,360,000 to the rebuilding of Stouffville's sewage disposal plant.

Mayor King said his main desire is to see a start in construction. "I'd like building to begin to-morrow," he said, "but in these economic times, one can only push a company so far".

May change hearing site

STOUFFVILLE - Mayor Eldred King has formally requested that the appeal, filed by Waste Management Inc., with respect to the Hwy. 48 landfill site, should not be heard in Whitchurch-Stouffville.

"Our Town can't stand further harassment," he told The Tribune, "we've been hurt enough".

While the mayor didn't suggest an alternate location, the paper has learned that Markham is a possibility. The tentative commencement date is June 29:-

The appeal will mean addi-

tional legal expense for the municipality, Mayor King said, with the possibility of it going all the way to the Supreme: Court of Canada.

He indicated the appointment of legal counsel for the Town would be left in the hands of Mingay & Associates of Markham.

Fran Sainsbury of the Concerned Citizens' Committee said she wouldn't argue the mayor's request for a neutral hearing site. As for hiring their own lawyer, she said this possibility was still under considera-

Narrow escape

STOUFFVILLE Four Grade 7 Orchard Park students, on a class trip to Quebec City and Montreal, last week, had a narrow escape from serious injury when struck by a garbage truck on a narrow street at The Citadel, headquarters for the Royal 22nd Reg-

Principal John Hincks said the boys and girls were walking in single file along a laneway with steep walls on both sides. He said the driver stopped to let some of the pupils through, then started up, squeezing four of the children against the ledge.

Requiring treatment for cuts, scrapes and bruises were-Jane Anderson, Cynthia Gleave, Craig Thompson and Darren Montgomery. First aid was provided at a clinic in The Citadel: The

young people recovered quickly, Mr Hincks said, and soon re-joined their classmates on the tour.

"If he (the driver) had waited another thirty seconds, everyone would have been clear,"the principal stated. He has requested a full accident report from police.

Mr Hincks described as "absolutely marvellous" the assistance provided by Citadel personnel. It helped too, he said, that two of the parents accompanying the class, Maris Anderson and Earl Thompson, were available to look after their own (Jane and Craig) as well as assist with others.

Mr Hincks said he hoped the unfortunate accident wouldn't act as a deterrent to future trips. He called it "an excellent learning experi-

Struck by lightning

Fire destroys century mill

WHITCHURCH - An earlymorning fire, Friday, on the property of Century Mill Industrial Lumber, R.R. 4, Stouffville, destroyed the remains of a once water-powered sawmill, believed to be 130 years old.

The blaze, blamed on lightning, is the second at the site in less than two years. The loss is estimated at \$50,000.

Stouffville firefighters, summoned to the scene around 1:30 a.m., were able to contain the flames by pumping water from a nearby pond. However, about 35,000 feet of hardwood lumber

The business, under the coownership of Howard Ratcliff and Jack Wilkinson, is one of the best-known in the area, operating through several family generations. Mr Ratcliff was in Huntsville at the time and couldn't be contacted until later.

While a landmark structure, the mill had only seen limited use in recent years, Karen Wilkinson, Jack's wife told The Tribune. She described the building as "a shell" with much of the interior given over to the Markham Museum.

Fire Chief Walter Smith said a motorist, northbound on Kennedy Road, saw the lightning bolt strike and seconds later, flames shoot into the sky. A report, heard at the fire scene that a phone line leading to the Ratcliff home, had been intentionally cut, was untrue, Karen said.

School fair asuccess

STOUFFVILLE - With some expenses still outstanding and a few receipts still to come in, net proceeds from the Stouffville Christian School's "Country Fair", Saturday, will be close to \$4,000, board chairman David Ianuzzo told The Tribune, Monday.

Most he'd talked to considered the event "very successful", he said. He praised the work of many dedicated people who had put in long hours over the past two months in preparation for the fair.

Mr Ianuzzo, in reflecting on the school's progress during the past year, described as "almost unbelievable" what had been accomplished. He paid tribute to Principal Bob Stover for his enthusiasm and devotion and to members of staff for the quality of their instruction.

The chairman recalled that it was only April 23 of last year that an "information dinner" was held at Emmanuel International. "Now, we're working towards expansion,"he said.

Five hurt

UNIONVILLE - Five per sons were injured but none seriously, in a two-car collision, Saturday, at the intersection of Warden Avenue and Major Mackenzie Drive.
