Fluoride Clinic

YORK REGION — York Region's public health branch is providing a free topical fluoride clinic at its Richmond Hill Office.

Children ages three to 16 years are eligible for the service.

Children's teeth are professionally cleaned. This is followed by the application of a flavored fluoride gel.

The incorporation of fluoride into the outer surface of the enamel makes the teeth stronger and increases their resistance to decay, a branch spokesperson said.

An appointment can be made by telephoning the public health office, between 8:30 a.m. and 4:30 p.m., at the following numbers: 884-1133 or 881-4240. If unable to reach dental personnel, leave a message and the call will be returned.

Miracle

A 20-month old Thornhill boy had a miraculous escape from death, when he fell about 20 feet from a third floor window of his home to a concrete drive, and suffered only bruises.

York Regional Police said Garrett Kinderman, 46 Kindale Way, had been sleeping in his third level bedroom, wakened, and was playing in his crib beside an open screened window when he evidently lost his balance, pushed out the screen, and fell to the concrete, striking his head on a brick border.

His parents were in the house at the time. His father was on the second floor with another child, and his mother was nearby.

A neighbor, Susan Fine, 44 Kindale Way, saw the child playing in his crib by the window, then heard a noise, and saw him lying on the ground with his head on a brick border.

The child was taken by ambulance to York Central Hospital and checked for injuries.
