Amateur hockey scores

The Canadian Tire Red Wings are by no means finding it easy to keep their front-runner status in the AHL standings. Sunday morning saw the Smurthwaite Bruins give the Wings a bit of a shake-up, despite going down 3-1 it was anyone's game right up until the final minutes when Brian Bond popped in the Red Wing insurance goal. The Wings were by no means in command in this game and could easily have gone under.

Breathing down their necks are the May-Powell North Stars, who disposed of the Penguins with ease, 7-1, and consolidated their second place position just one point behind the Wings.

Flyers goals: Wayne Emerson, R. Evans, Ken Smurthwaite. Capital goals: Grant Larmer, R. Martyn, L. Villeneuve. Village Pool Rangers 3 - Betz Pools Nordiques

Ranger goals: Doug Majors, Steve Davis, Don Kimura, Nordique goal: Bill Ormson. Canadian Tire Red Wings 3 - Smurthwaite Bruins 1. Red Wing goals: Dan Catelli, Wayne

McMann, Brian Bond, Bruin goal: J. Ireland, May Powell North Stars 7 - Farquharson Penguins 1. North Star goals: Peter Mabley 3, Barry Zeller, John Tardella, Joe Infurnari, D. Har-

Ski Ramble

Snow permitting, the Public Library will hold its annual cross-country Ski Ramble, Sunday, June 30, beginning around 1 p.m. Following the overland trek, hot chocolate will be served.

Ski school popular

Anyone who has gone through the terrifying experience of launching themselves down a ski slope - without having the faintest idea how to stop - will appreciate the necessity of learning the basic essentials before undertaking what can prove a very dangerous sport.

So as to ensure that young skiers are moderately proficient, Dagmar Ski resort holds ski lessons throughout the winter for dozens of schools in the Toronto and surrounding area. Last year 20,000 students passed through their hands.

Under the guidance of the Ski Director, Lou McInnes, a 15 minute film is shown to new students, showing them how to get on a lift-bar or chair without falling off and causing chaos to fellow travellers. The emphasis is safety first; the lessons come later.

Students are graded according to their abil-

ity. They are first allowed to ski down the nursery slopes before being put in charge of an instructor, who will then grade them according to their progress.

Discipline is strict on the slopes. Nobody is allowed to do their own thing, or try anything foolish at the expense of a broken neck. The inherent danger of letting kids loose on the slopes without supervision is heavily underscored.

Watching a class of students from Brooklyn's Meadowcrest school, it was amazing how proficient they are after just two or three weeks of tuition. It is obvious that with expert instructors and strong supervision the classes produce some pretty fair skiers.

Biggest deterrent to wayward students is the rule, strictly enforced, that insists they follow instructions or be debarred from further lessons. It works.

PUBLIC HEARING

WEDNESDAY, JANUARY 26, 1983
8:00 P.M.
COUNCIL CHAMBERS,
MUNICIPAL OFFICES,
BUTTONVILLE, ONTARIO

The Town of Markham

A Public Hearing will be held by the Planning Committee of the Council of the Town of Markham to consider a Secondary Plan (PD 23-1) for the North Don Mills Industrial Planning District (Planning District No. 23).

The subject lands of the proposed Secondary Plan are shown on the map below.

The purpose of the Secondary Plan is to establish a detailed land use plan conforming to the general industrial designation of the lands by the Official Plan of the Town of Markham. A basic pattern of internal roads is also intended to be established, as well as other policies for the development of the lands.

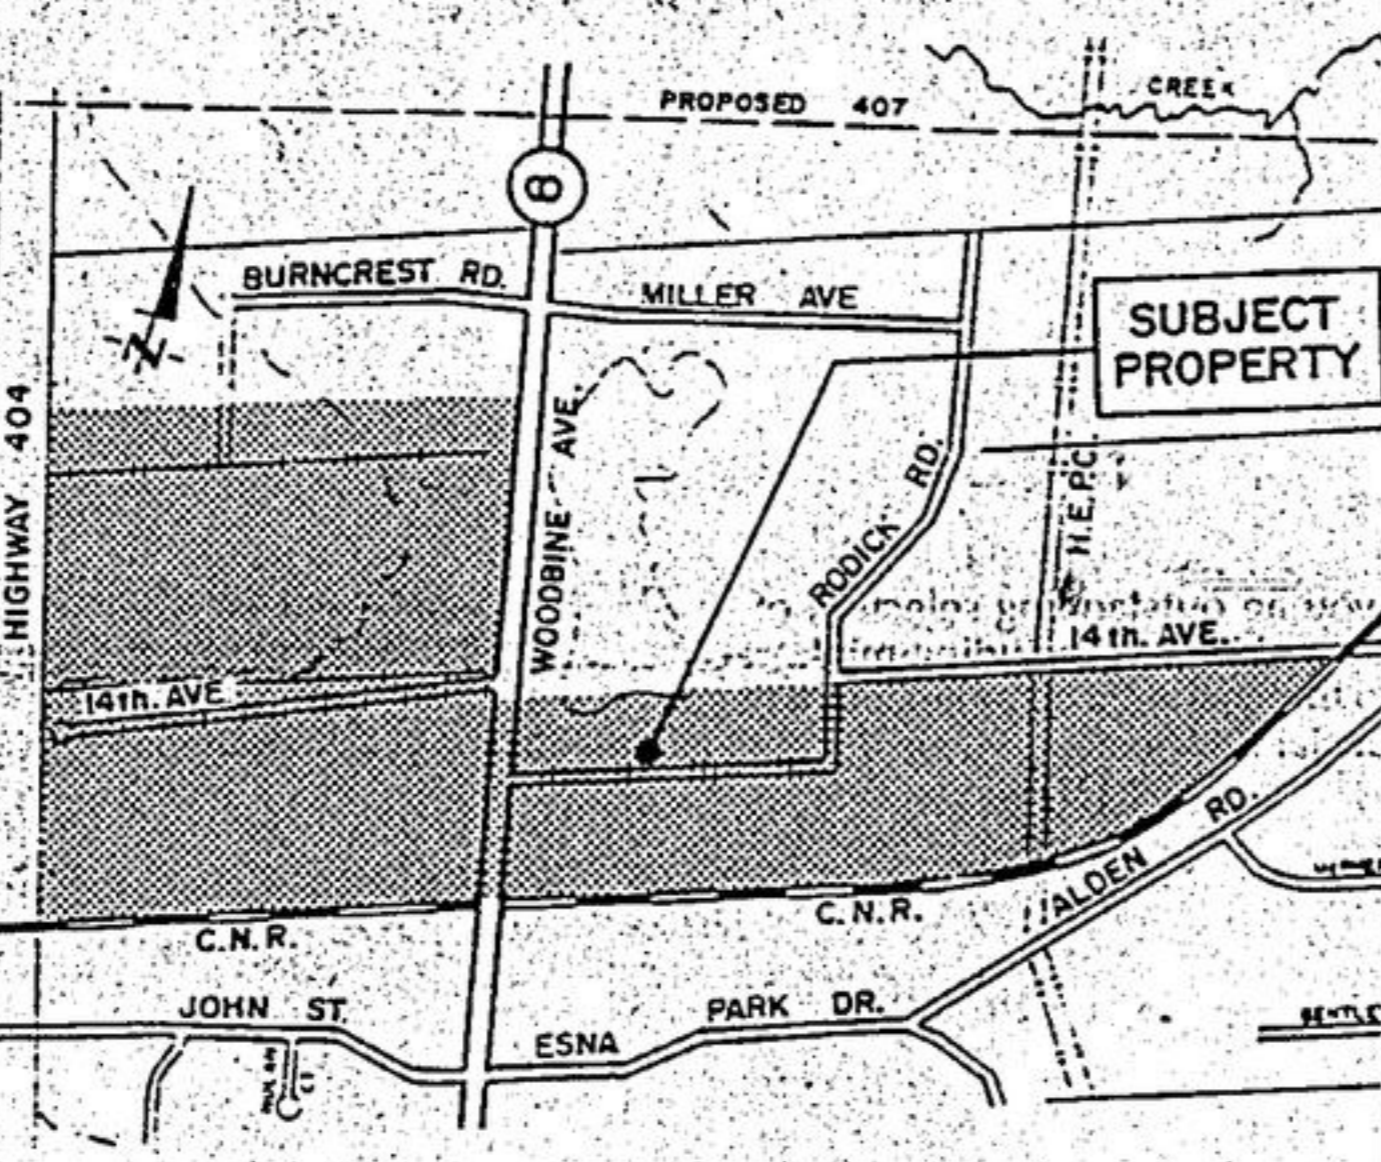

Actual development of the lands will, in addition, require the prior approval of plans of subdivision, appropriate zoning by-laws, as well as site plan approvals and agreements.

You are invited to attend the Hearing and to state your comments on the proposed Secondary Plan. Should you be unable to attend, written submissions will be received up to the time of the Hearing.

The proposed Secondary Plan may be examined at the Planning Office.

DATED January 5, 1983.
E. Miles, Chairman,
Planning Committee.

T.M. Januszewski,
Planning Director.
