

Students learn lawn-bowling skills

Phys. Ed. students from Stouffville Dist. Secondary School, received instruction in lawn-bowling, Friday, with Club members serving as teachers. Displaying fine delivery here is Michelle Simonds, Clarke Street. —Jim Holt

Drawing a bead on his target at the end of the green is student Glen Pyke. Lawn-bowling members claim most young people look on the sport as a game for senior citizens. They're hoping to change this image by having teenagers actually take part. —Jim Holt

Some of the basic rules of the sport were explained by member Mae Spence. Her attentive pupil is Michael Anderson. The students are receiving instruction in both lawn-bowling and tennis with the hope they'll take up one, the other or both.
