## "Girl Next Door" She's engaged

By Jim Thomas  
**STOUFFVILLE** — If the second finger on Debbie Heard's left hand stands out from the rest, there's a reason. It sports a diamond, an engagement gift last Christmas from boyfriend, Rob McBeth of Altona.

However, this personable 17-year-old with the sparkling smile, has no immediate plans for marriage—at least not until after high school graduation. She's a student in Grade 11, taking additional subjects in Grade 12.

Debbie's our "Girl Next Door". Formerly of Scarborough, her family that includes a sister, Sherri, 20, and a brother, Marty, 11, moved to 257 North Street eight years ago. She has no desire to go back but she'd like Stouffville a lot more, she says, if it had a recreation centre.

How did she meet the "light of her life"?

She remembers going down to the park and watching him play ball. But she was only ten at the time. "There was nothing there," she recalls. Five years later, a friend introduced them and they've been keeping steady company ever since. Rob works for the C.P.R.

Although "retired" from team sports, Debbie played hockey and softball here several seasons. Now, she's a spectator.

Seventeen-year-old Debbie Heard of 257 North Street, Stouffville, is a Grade 11 student at Stouffville High but taking two subjects in Grade 12. She works part-time at the Marguerite Shoppe in town and describes the position as "the best I've ever had".

At Stouffville High, English is her favorite subject and Mr Roche her favorite teacher. "He cares—a lot," she says. She explained that he's willing to discuss problems with all students and treats everything that's said in

the strictest confidence.

Debbie is a part-time employee on the staff of the Marguerite Shoppe in Stouffville. "I love it there," she says, "it's the best job I've ever had. The people who work

there are all very nice". Debbie was one of several vivacious models in last week's fashion show sponsored by the Marguerite Shoppe and Villager Men's Wear. She described the experience as "really fun".
